WRAP AROUND CARE

SUGAR HILL PRIMARY SCHOOL

We'll keep parents up to date with what's going on and our weekly clubs. We look to instil a love of movement and creativity by letting children be children - to laugh, play and relax before the school day, and unwind after they finish their learning.

MORE THAN CHILDCARE

Quality time, meaningful play and support children can trust.

A WARM WELCOME, EVERY DAY

Active Future wraparound care gives children a relaxed, engaging place to spend time around the school day. Our team creates an environment where children feel known, included and free to choose how they play.

SUPPORT THAT FITS FAMILY LIFE

We understand how busy balancing work and family life can be, so we are here for parents as well as children. We read with your child, respond to individual needs and build on the learning taking place in school. Wherever possible, we make time for one-to-one support, helping each child feel safe, comfortable and valued while strengthening positive relationships between children and adults.
