Science Lab!

at The Higgins Art Gallery and Museum, Bedford

Saturday 14 March

**Curious about frogs, flight, fossils or how to make a rainbow,
then join us for Science Lab. Explore different aspects of
science through a range of free, hands-on activities.**

Little Science Labs: I can make a rainbow... with cabbage?!

11-11:45am, 12-12:45pm, 1-1:45pm,
Free but booking essential, Suitable for 5-12 years

Using red cabbage dye our scientists will test different household liquids to try and make all the colours of the rainbow.

Geologists, Drop in, 11am-1pm

Explore rocks and minerals with Bev Fowlston from the Bedfordshire Geology Group. Bring in your rock, fossil, mineral or crystal finds and Bev will help answer your geology questions.

Natures Playground: The Life of Frogs, Drop in, 11am-3pm

Under 6s, siblings welcome
Join Kaye and Meg to explore the life-cycle of frogs. Taking inspiration from science and stories to create dress-up, artworks and more.

Bricking-It Challenge, Drop in, 11am-3pm

Apply experimental archaeology and rebuild the past. Imagine yourself in Ancient Egypt, the Bronze Age or Victorian Bedford and think how the Pyramids, Stonehenge or the Stewartby Chimney were built.

Cosmic Latte, Drop in, 11am-3pm

Cosmic Latte introduces a range of hands-on activities to investigate the science behind aircraft and rocketry. Through low tech experiments discover how flight works in the real world.
