1. Introduction

It is a statutory requirement that St Stephens Infant School has a policy statement on the re-imburement of governors out of pocket expenses.

The governing body must decide if there is to be a policy which states that no allowances will be paid or one which puts in place a procedure for paying them.

2. Policy

At a meeting on 26 June 2013 the Full Governing Body of St Stephens Infant School decided that it will not pay allowances for the out of pocket expenses to its members.

This decision will be reviewed annually by the Full Governing Body.
