### Talent Showcase

We are excited to introduce Parkend's Talent Showcase!

At Parkend School, we value the individuality and unique talents of each of our children. We showcase outside of school achievements in all of our newsletters. However, to celebrate their diverse interests and skills further, we are thrilled to announce an opportunity for your child to showcase their talents during our Curriculum Assemblies.

These assemblies are a time when our school comes together to learn, grow, and celebrate the incredible diversity of the world around us. We believe this is a perfect way for our pupils to share their special talents, whether it's a musical performance, a dance, a creative project, a scientific interest, a cultural presentation, or any other talent or interest that reflects their individuality.

We invite you to encourage your child to participate! If your child is interested in performing or presenting during one of our assemblies, please show your interest below and return it to the school office by **Friday 1<sup>st</sup> May**. Please reassure your child that we will provide support to ensure they feel confident and excited to share.

This opportunity to showcase their talents will tie into the personal development of our children, helping them see how their unique abilities contribute to society. Our goal is to further enhance where every child feels valued and inspired by their peers' contributions.

Thank you for your continued support in making our school a place where every child's individuality is celebrated. We look forward to seeing the amazing talents our children will share!

Kind regards,

Mrs T. Wood  
Deputy Executive Headteacher
