

Celebration Assembly

Friday 11th September 2026

3B

Rose has been chosen for celebration assembly this week. Rose has had an excellent start to Year 3, especially considering she is new to Brompton Westbrook. Rose is kind to those around her and has made some good new friends. Rose tries hard with her learning, and gives it a try even when she finds it difficult. Keep it up Rose!

Siddharth has also been chosen for celebration assembly this week. Even though he has only just started Year 3, Siddharth has already achieved 25/25 on his TTRockstars soundcheck! He has clearly worked very hard on his times tables in Year 2 and over the summer. Siddharth also tries his best in every aspect of his learning, which is a pleasure to see. Well done Siddharth!

3R

For celebration assembly this week I have chosen Evie for a brilliant start at Brompton-Westbrook. Evie joined our school at the start of term and has fitted in effortlessly! She is respectful, kind and has been working incredibly hard with all of her learning. We are incredibly lucky to have you in 3R Evie- Well done on all your hard work so far!

I have also chosen Iris-Rose for celebration assembly this week. She has come back from the summer holidays with a positive attitude and been working hard. Iris has shown resilience when faced with challenges. I have been especially impressed with her growing confidence in maths as she has given some brilliant answers in our place value lessons. Well done Iris!

For celebration assembly this week Manaia has been nominated for her excellent space theme narrative this week. Manaia used excellent adjectives, verbs and adverbs seamlessly in her writing to engage the reader. Manaia also used a metaphor and simile in her writing. I was very pleased with Manaia's writing this week and look forward to seeing her writing progress further during year 4. Well done Manaia!

Khaleesi-Rose has been chosen this week for celebration assembly. Khaleesi had an outstanding attitude on her return to school, Khaleesi has been a role model to her peers and shown resilience in all her learning. Khaleesi has continued to work hard during all lessons and has come into school with a smile each morning. It is lovely to see Khaleesi's enthusiasm for year 4 and I look forward to seeing her successes this year. Well done Khaleesi, keep up the positive attitude!

4M

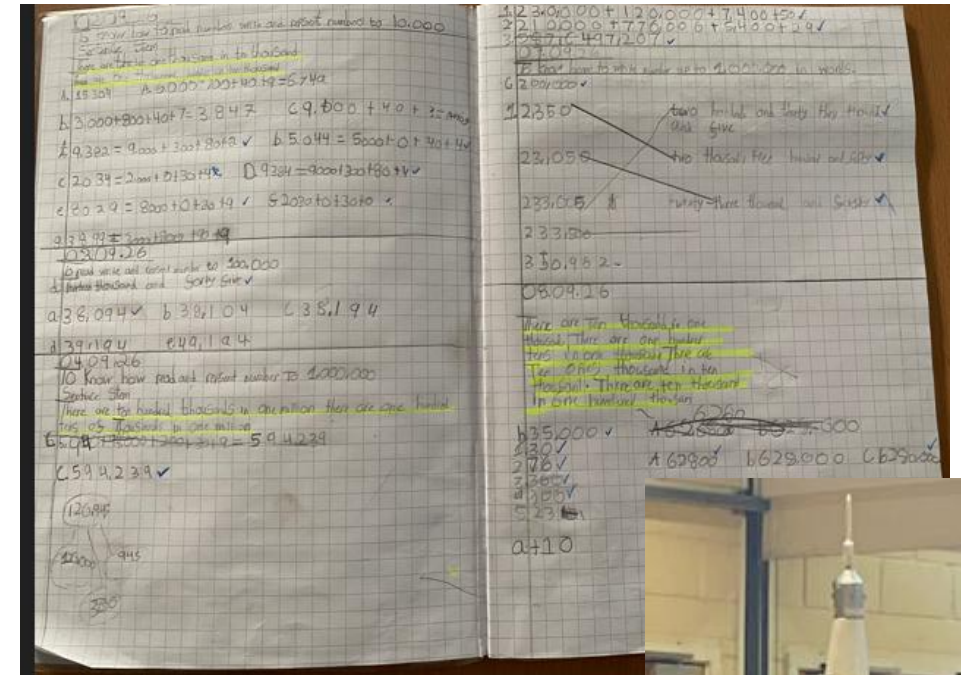

For celebration assembly this week I have chosen Theo. Theo has been chosen for seamlessly joining our school this term. Already Theo is following all of the class rules, showing himself to be a perfect role model in 4M! In addition, Theo has completed all of his tasks to an excellent standard, working on both the content and presentation. We are really pleased to welcome Theo to Brompton-Westbrook and look forward to seeing his achievements over the year. 😊

For celebration assembly this week I have chosen Jessica. Jessica has been chosen for her excellent attitude to all of her learning. She has come into school with a smile on her face every day and completed all of her tasks to a high standard. In addition, Jessica scored an amazing **34** on her Grammasaurus Baseline Assessment! Well done Jessica. 😊

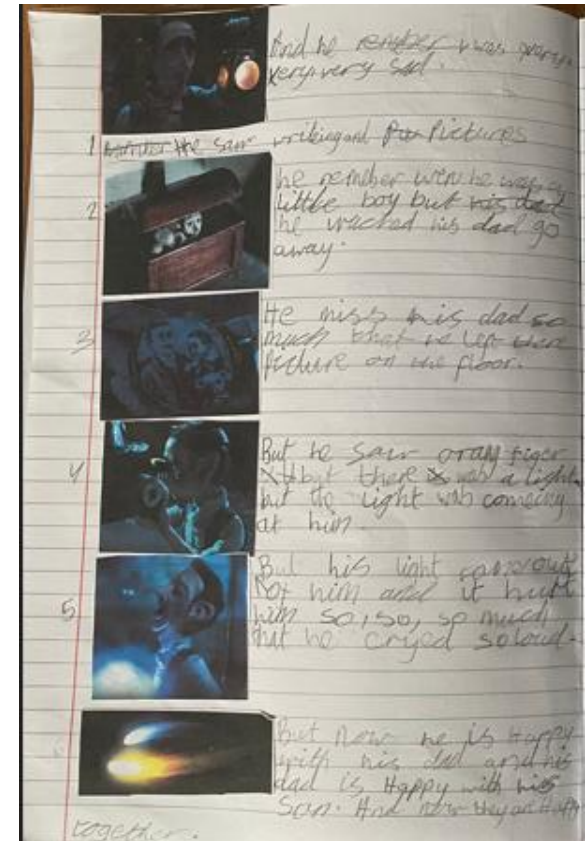

5H – Amirah

Amirah has made a fantastic start to the new school year, settling in enthusiastically and approaching every opportunity with a positive attitude. She has contributed particularly well during our maths lessons, confidently sharing her ideas and, importantly, explaining the reasoning behind her answers clearly. She has also shown great enthusiasm and confidence by volunteering to take part in our Space talk. She did a brilliant job, role playing the part of an engineer, problem-solving how to get to the moon, while also demonstrating the relative sizes of the different parts of a space shuttle. Well done for such a fantastic start to the year — your enthusiasm, confidence and willingness to share your ideas make you a wonderful member of our class!

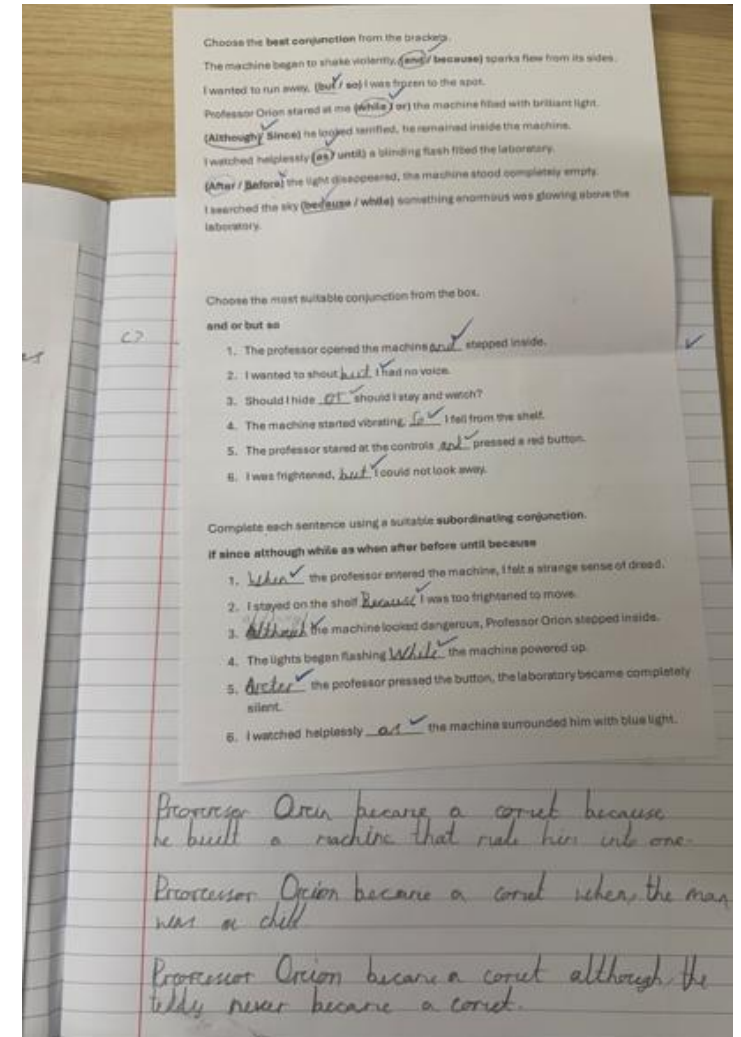

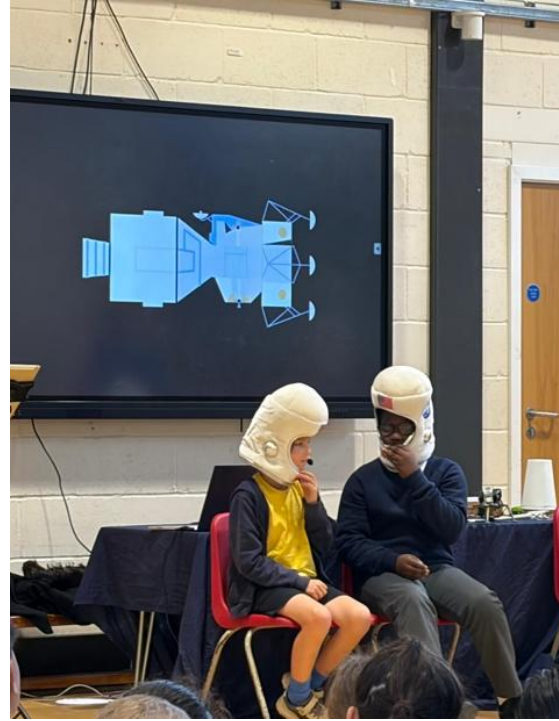

5H - Raya

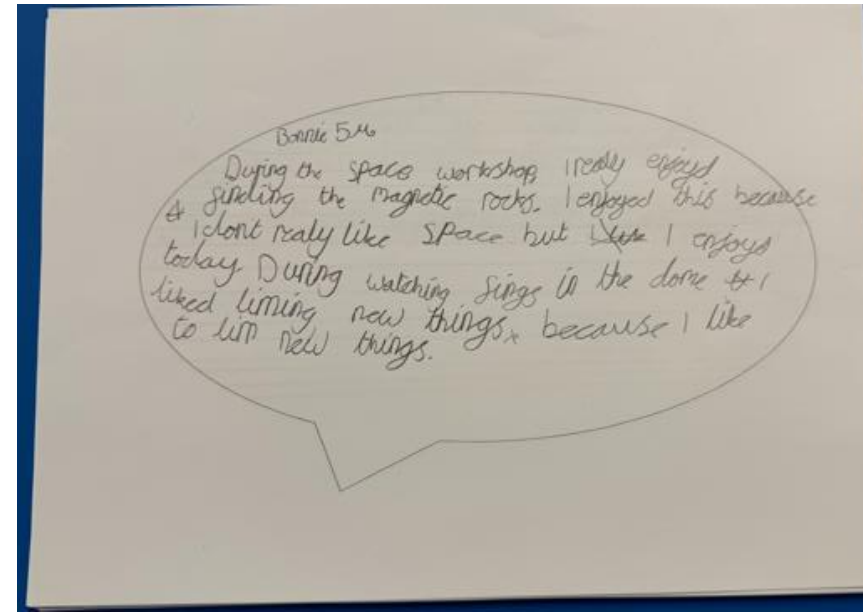

Raya has made a wonderful start to Year 5, settling in confidently and showing great enthusiasm for her learning. She has particularly impressed us in English, where she thoroughly enjoyed exploring the short film *The Astronomer's Sun*. She was able to carefully sequence and interpret different images from the film, explaining what was happening and summarising the events clearly and thoughtfully. Raya also eagerly put herself forward to be involved in our Space talk, where she did an excellent job demonstrating the movement of the Earth in relation to the Moon, helping others to understand this concept in a clear and engaging way. Well done for such a positive start to the year! Your enthusiasm, thoughtful contributions, role model behaviour and willingness to get involved have been fantastic to see.

5M- Samuel has been chosen for celebration assembly this week for the fantastic start he has made to Year 5! He has settled into the class beautifully and has consistently shown himself to be an excellent role model to others. During our Space Week, he has produced some lovely work to a very high standard. In English, he demonstrated a solid understanding of compound and complex sentences and used this knowledge independently to create his own sentences inspired by our space video, *The Astronomer's Sun*. His books are also beautifully presented, and it is clear that he takes great pride in his work and always takes the time and care needed to produce his best. He also took on the exciting role of an astronaut during our special space talk, where he had to imitate one of the first astronauts to travel to the Moon. He carried out this role sensibly and confidently. What a fantastic first week, Samuel – well done! Keep it up!

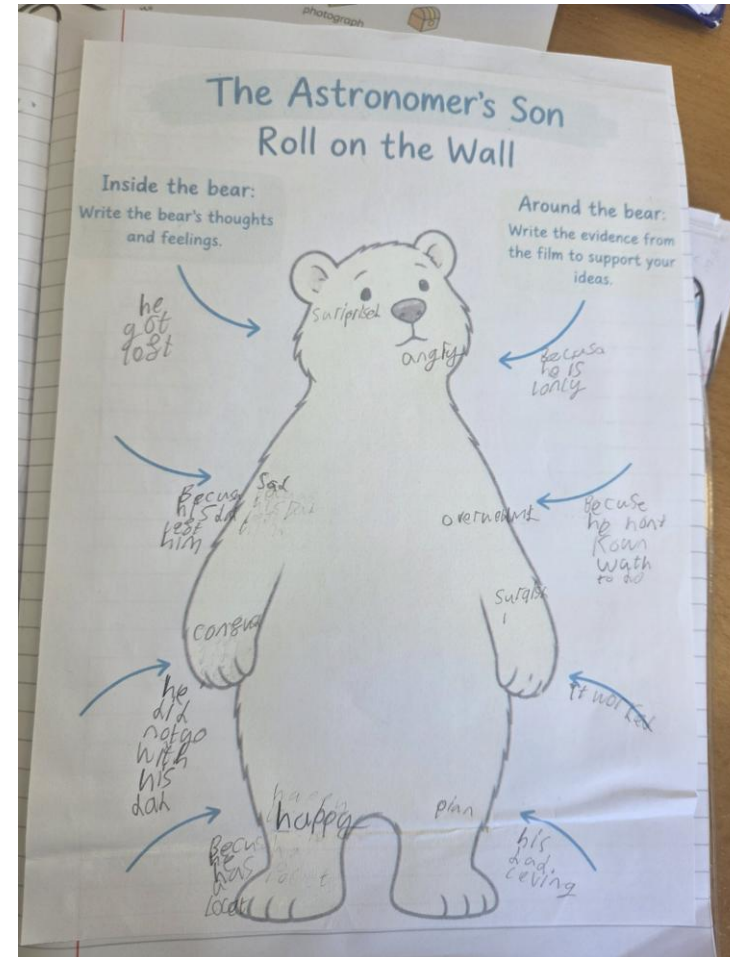

5M- Bonnie has also been chosen for the fantastic enthusiasm she has shown towards her learning every single day. She is a determined and resilient learner who always strives to do her very best, and nothing ever seems too much for her — she takes everything in her stride with such a positive attitude. She has worked particularly hard in maths this week, successfully recognising patterns and using her strong place value knowledge to help her understand and explain them. Even though our week has looked slightly different than usual, Bonnie has never let this distract her from her learning and has continued to give everything her very best effort. Additionally, during our Space Week activities, she has demonstrated excellent behaviour for learning during both our Moon Rock workshops and our time in the Wonderdome, which she thoroughly enjoyed. She was particularly fascinated by investigating whether the different types of rocks were magnetic or not! You have had a fantastic start to the year Bonnie and should be incredibly proud of yourself. Well done!

This week, I am choosing Belle for Celebration Assembly. She has settled into Year 6 wonderfully and has approached every lesson with a positive attitude, putting in her full effort at all times. Even when learning has become tricky or challenging, Belle has shown great resilience and determination, working hard to overcome any obstacles and never giving up.

During Space Week, Year 6 have been exploring *The Astronomer's Son* in English. Belle produced an excellent role on the wall about the bear, showing a thoughtful understanding of the character and the different emotions he experienced throughout the story. Her work was detailed, creative and demonstrated her excellent engagement with the text.

Well done, Belle, on such a fantastic start to Year 6. You should be very proud of all your hard work and positive attitude. Keep up the excellent work!

This week, I am also celebrating Nargis for her brilliant start to Year 6. Nargis has consistently followed instructions, worked hard in every lesson, and shown kindness by helping others whenever she can. She is already demonstrating excellent Year 6 role-model behaviours and is setting a fantastic example for her peers through her positive attitude and dedication to learning. This week, I have been particularly impressed with Nargis' investigation work into her chosen scientist. As part of Space Week, Year 6 have been exploring *Scientists Like Me*, learning about influential scientists and their contributions to the world. Nargis produced a fantastic poster about her scientist, Kate Bennett, which was well-presented, informative, and clearly showed the effort she had put into her research. She demonstrated a strong understanding of her chosen scientist and presented her findings confidently. Well done, Nargis, on such a positive start to Year 6. Keep working hard, showing enthusiasm, and being a wonderful role model for others!

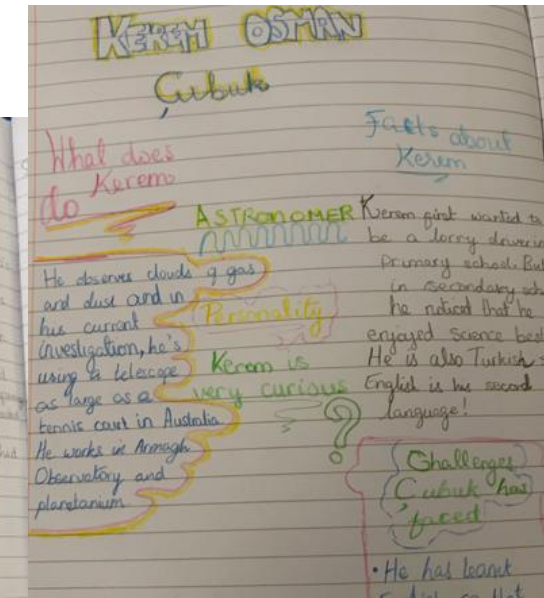

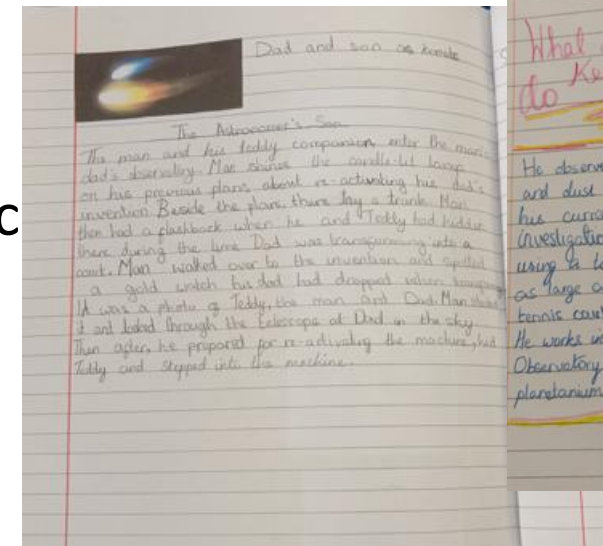

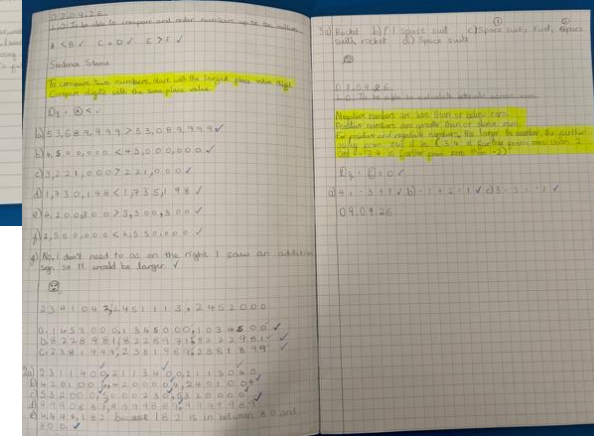

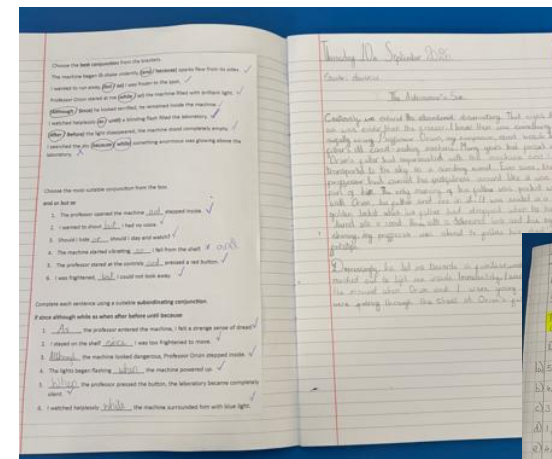

6T Krithi

Krithi has been chosen for Celebration Assembly in recognition of the fantastic start she has made to Year 6.

Krithi has settled into Year 6 beautifully and has already demonstrated many of the qualities that will make her an excellent role model for others. She listens carefully, approaches her learning with a positive attitude and is already producing high-quality work that is a real credit to her.

Krithi is also a kind, thoughtful and considerate member of our class. She has made such a positive impression in these first few weeks, and we are certain that she is going to have a fantastic Year 6.

Well done, Krithi – what a brilliant start!

6T Ayden

Ayden has been chosen for Celebration Assembly in recognition of the excellent start he has made to Year 6.

Ayden has already made a very promising start to his learning this year. He listens carefully in class, applies himself well and is beginning to produce work that demonstrates care and effort. His Topic homework this term has been particularly impressive and was a real treat to receive – well done, Ayden!

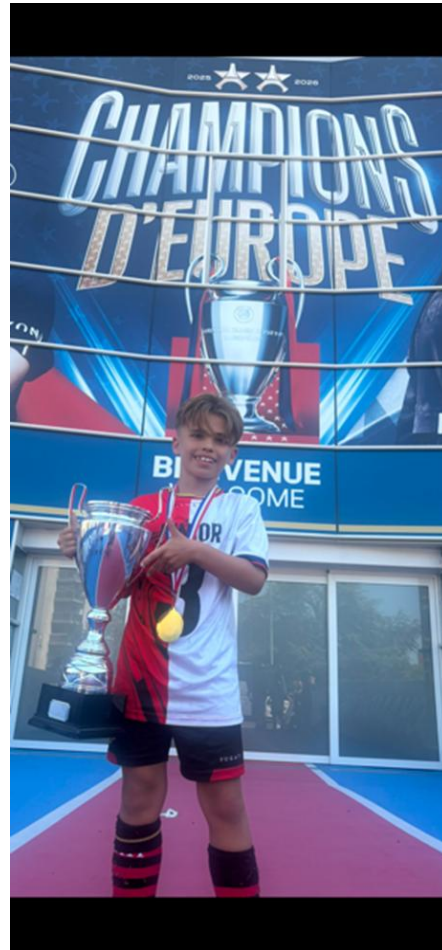

During our Space Week, Ayden has shown a genuine enthusiasm and curiosity for his learning. He has been keen to contribute to discussions and has been able to draw upon his own knowledge and understanding to enrich his learning about the different aspects of Space. A really promising start, Ayden, and we are looking forward to seeing all that you achieve during what looks set to be a fantastic Year 6! Well done!

Sports Achievements

Sofia - gymnastics

Danny-Lee – PSG football

Leo V-O – football player of match
