

Celebration Assembly

Friday 18th September 2026

1B

Haydn has been chosen for celebration assembly this week for the fantastic effort he has been putting into his learning. He is always keen to answer questions and consistently tries his very best. It has been a real joy to see Haydn enjoying challenging himself in maths, particularly when completing the challenge questions. Even when he finds them a little tricky, he keeps going and gives them his best effort! He has also been a Computing superstar! Purple Mash is new to us in Year 1, but Haydn has quickly learnt how to log in independently and confidently. Even better, once he is logged in, he is a super friend and helps his classmates who are still finding it a little tricky. Well done, Haydn, keep up the fantastic work! ★

Clementine has been chosen for celebration assembly this week because she always tries her very best and works so hard in everything she does. She is a kind and caring friend and is a brilliant role model to everyone in our class. We have loved seeing Clem become more confident since starting Year 1. She is beginning to put her hand up and answer more questions, and it is lovely to see her feeling brave enough to share her ideas. She has also been a superstar in RE! When we have been learning about different celebrations, she has joined in with some fantastic discussions and shared some great ideas with the class. Well done, Clem! We are so proud of you, keep being your lovely, hardworking self! ★

1C

Poppy has been chosen for celebration assembly for her amazing start in Year 1. She arrives at school with a smile and settles quickly. She has attempted every challenge that she has been given and has acted on the advice that she has been given to improve. She has demonstrated a positive mindset towards her learning. In maths she decided to try and complete some of her questions without the use of her number track and was confident enough to explain her reasons for this. Well done Poppy! We look forward to seeing what you can achieve this year!.

Edward has been chosen for celebration assembly for being a good role model in Year 1. He always tries his best to listen and will always attempt to answer all questions that he is asked. He works hard at his table and tries hard to present his work well all the time. Edward, we are proud of the start you have made this year and we are lucky to have you as part of our class.

2B

Marley has been chosen for celebration assembly this week for being a zero hero and a fantastic role model to her class friends. Marley is consistently making good choices. Marley demonstrates good sitting and listening and she is highly motivated in her learning tasks. Marley is a brilliant class monitor and can be relied upon to support the smooth running of the classroom. In addition to this Marley put up her hand during class discussions and shares her ideas with a clear voice. If children are not sure about their behaviours Marley is one to smart copy.

Royal has also been chosen from 2B for celebration assembly. Royal is a good listener and pays close attention during learning. He consistently tries his best in his tasks and demonstrates lovely presentation. Royal is a great classroom monitor who is respectful and takes his responsibility as ipad monitor seriously. He is a positive example to his classmates, keep up the good work!

2C

This week, Freddie has been chosen for our Celebration Assembly!

Freddie has come into Year 2 with a fantastic “I can do it!” attitude, and he is certainly showing us that he can! He has worked incredibly hard in his Star Maths test and achieved amazing results. Mrs Evans and I are so proud of his hard work and determination.

Freddie is a friendly and kind member of our class, and it has been wonderful to see him becoming more confident in everything he does. Keep it up, Freddie! We can't wait to see all the amazing things you achieve this year. ★

This week, Robyn has been chosen for our Celebration Assembly!

Robyn is new to BWPS and has settled in so well. She has been trying her very best in all subjects, but I have especially noticed a lovely improvement in her handwriting. Robyn has been working hard on her letter formation and making sure her letters are the correct size.

It has only been two weeks, and we are already seeing some brilliant improvements! Keep it up, Robyn – we are so proud of you and can't wait to see how much you continue to grow and progress this year! ★

Stronger in Maths, Together!

Maths helps us all!

Poetry competition – silly school poem

Do you want to write a silly poem to enter a competition? Your poem could be read live by Michael Rosen in November!

If you are interested, please tell your teacher and Mrs Bass will organise a time for you to type up a poem.

Space Week

Well done for all of your contributions to Space Week!

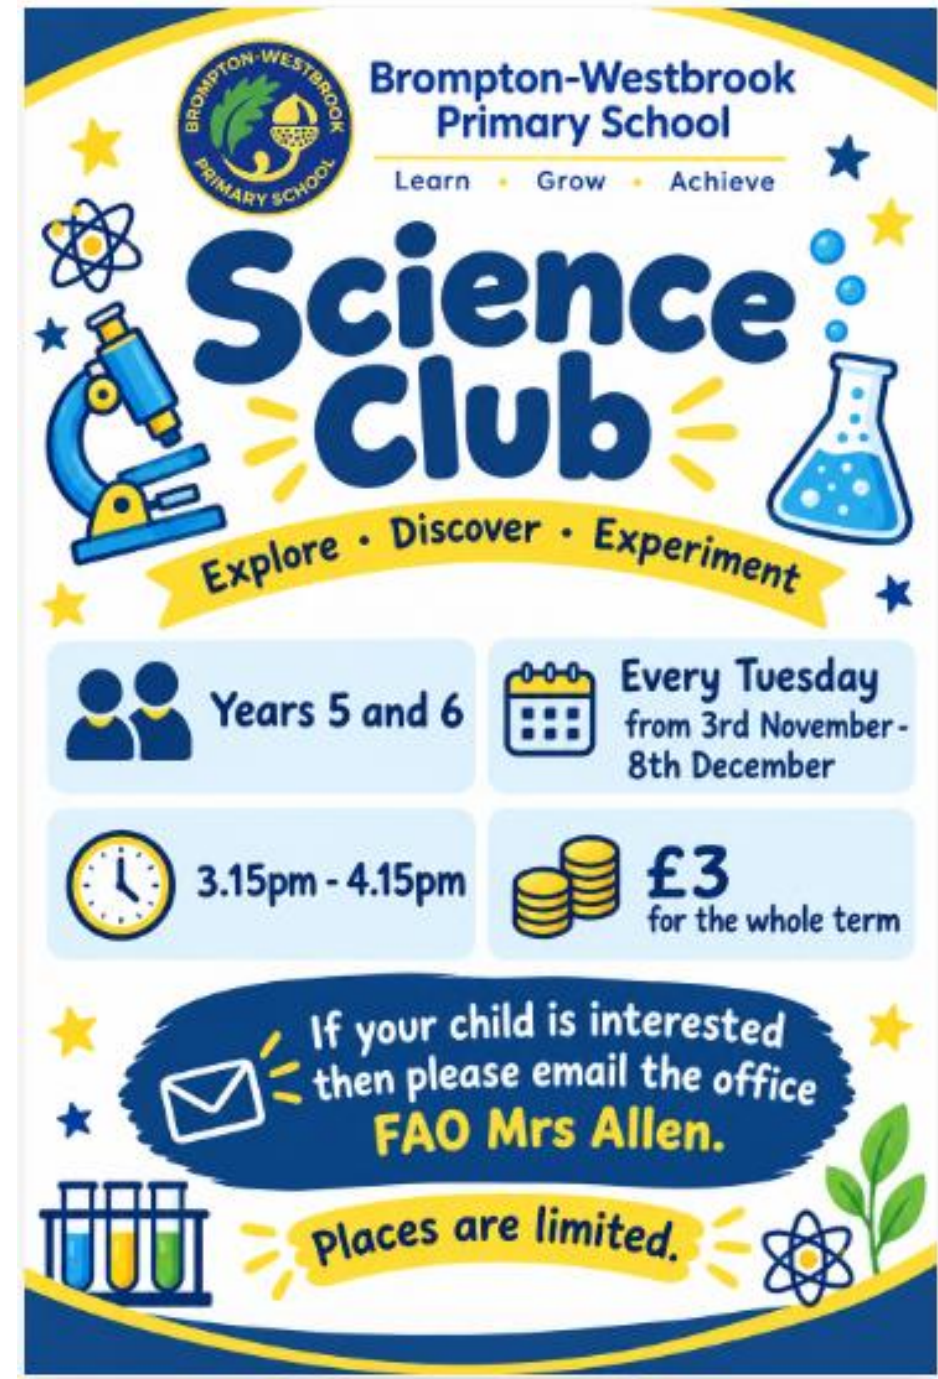

Remember the Space homework competition is still open until Friday 9th October. Thank you for all of the amazing entries so far – they are 'Out of this World'!

Science Club

If you are in years 5 or 6 and would like to participate in an after-school science club next term, please ask your parents to email the office.

There is a limited number of places!

There will be opportunities for other year groups to join later on in the year.

Brompton-Westbrook Primary School
Learn • Grow • Achieve

Science Club

Explore • Discover • Experiment

 **Years 5 and 6**

 **Every Tuesday**
from 3rd November - 8th December

 **3.15pm - 4.15pm**

 **£3**
for the whole term

 If your child is interested
then please email the office
FAO Mrs Allen.

 **places are limited.**
