Weekly Message

We have had a great week seeing our year 6 attend their transition days at secondary school – they have matured so much and we are looking forward to the last couple of weeks with you all! Everyone has been practising their sports days, we are looking forward to seeing parents/carers at those. All times and dates are in the upcoming events list!

End of year annual reports will be sent home next Friday (14th July). Enclosed in your child's report, you will find a response form that I would really appreciate being completed and returned with any feedback in order for us to review our process for next year.

TEAM MORRIS: EARLY YEARS

This week we have started our pirate theme. The children have really enjoyed reading "Pirates love Underpants." The children have been playing a pirate turn taking game. The children took turns and showed a lot of skill! Also the children have had a lot of fun counting the gold coins in the pirates treasure chests. The children have been trying hard getting ready for sports day. They have been doing some great running, jumping and throwing! A really brilliant week!

TEAM HOLMES: Y1/2

This week we have begun to read our new class story, The snail and the whale. We have loved reading this book and have done some fantastic sentence writing to explain what happens in each part of the story. We are focusing on our addition this week in maths and have been using numerous resources to answer problem solving questions in our lessons. In RE this week, we have been looking at the sacred books that different religions have and how they respect their sacred books. Well done for a fabulous week of learning Team Holmes!

TEAM JAMES: Y3/4

Well done Team James, you have all had another amazing week. I'm very impressed with your lovely poems. You have chosen some super vocabulary and I like your use of personification and imagery. In maths, we have been looking at shapes and lines and their features. WE are consolidating our knowledge of states of matter by performing investigations. This week we looked at the chemical reaction that occurred when we added Mentos to diet Coke. Watch for our video on Class Dojo

In art we are creating a 3D drawing of our interpretation of a tornado. We are using shading techniques to create light and shape.

Our Daily mile destination is Syria, which is 481 miles away. What can you find out about Syria?

TEAM FINCH: Y5/6

Is there really only two weeks left? I can't believe it!

Well done to Team Finch this week, we have had a great one! First of all, big mention to the Swimming Gala Team, you made us all proud. A couple of wins is fantastic for our school. In Maths this week, we have been looking at long multiplication. I think the year fives are secure in it now. In English, we have been recapping our nouns, verbs, adjectives and more. Grammar is like a muscle, if you don't use it you lose it.

Special mentions to Sky and Rosie.

Next week, we look forward to creating our very own 'Green City'. A city for the future...
