## Weekly Message

I am so proud of the children that were away on the London residential this week. They have shown lots of amazing skills and resilience and thoroughly enjoyed themselves!

Well done to everyone who impressed their teachers this week whilst I've been away from school, I am looking forward to catching up with everyone next week.

Please see our family 'Bingo Bonanza' fundraising evening. We hope that you can all join us on Thursday 20<sup>th</sup> July at 4pm. Books are £5; these can be shared with other members of your family or have your own!

### **TEAM MORRIS: EARLY YEARS**

This week we have started learning more about dinosaurs. We have read some exciting books about dinosaurs, our favourite is 'Dinosaur Roar.' The children have been busy learning how to use scissors safely and have been cutting out lots of dinosaur shapes. The children have also been playing some new games, this has been helping the children learn how to share and take turns fairly. In Maths the Nursery children have been learning about which number comes before and which number comes after. The Reception children have been learning about doubling numbers.

### **TEAM HOLMES: Y1/2**

Well done for a fabulous week of learning Team Holmes! We have been focussing on retelling 'The night pirates' story this week and the children have been able to recall the story and put actions to the words. In maths we have been focussing on improving our place value skills, all the children are becoming very confident at understanding tens and ones. In D.T we have been developing our skills making moving mechanisms, the focus this week has been on sliding mechanisms and lever and pivot mechanisms. Well done Team Holmes!

### **TEAM JAMES: Y3/4**

Another fabulous week for Team James. We are doing some outstanding research on natural disaster to produce a non-chronological report and a PowerPoint presentation. We are doing some amazing problem solving and we have learnt all about the 24hour clock. We have conducted an investigation about how the volume of sound decreases when the distance increases. This is because the sound waves are far apart the further you are away from the sound. In RE we discussed why Christians follow Jesus. We looked at all the things Jesus did to serve others and the example he was. We are enjoying using the Boomwhackers in music and singing along to the ukulele.

### **TEAM FINCH: Y5/6**

Well...it came. We had a brilliant time in London, and it still doesn't seem real. Did we really see all those things?

Three days of wonderful sightseeing in our nation's capital.

With four weeks left, we are wrapping all the fantastic learning we have left to do.
