

Streethouse School Newsletter

26th June 2026

Weekly Message

We have had a lovely first week of Wiggle Ups which will continue each Wednesday until the end of term to support all of our children with a smoother transition ready for September. The children enjoyed meeting their teacher and their new classmates. Year 6 have started their in-school transition work too with our ELSA and will be prepared for their new high school.

Polite reminder: Please ensure your child has their PE kit in school every day so that any additional sports day practise can be done around the weather, including trainers and water bottles.

Mrs Wright, Head Teacher

Team Morris	91%	1st
Team Rose	86%	2nd
Team Weaver	84%	3rd
Team Hayward	76%	4th
Whole School	84%	
Raffle winner Club 100	Noah K Amelia G	

TEAM MORRIS: EARLY YEARS

This week Team Morris have enjoyed the story of 'Dinosaur Roar'. The children have discussed the different characteristics of the dinosaurs in the story. They have enjoyed accessing the dinosaur habitat and counting the footprints made by dinosaurs. The Reception children have been learning about prepositions and the language of where things are placed. The Nursery children have been learning more about patterns, making them and continuing them.

TEAM ROSE Y1/2

This week we have been publishing our final story writing which the children have worked incredibly hard on. Children have really improved their handwriting and sequencing of sentences to structure the beginning, middle and end of the story. In maths we have begun our unit on time learning how to tell the time of o'clock, half past and quarter past. In science we focussed on testing materials to build animal houses using materials and a range of building blocks inside the classroom and then also continued this to build animal houses using natural materials outside. You have worked incredibly hard this week Team Rose!

TEAM WEAVER: Y3/4

This week, the children have continued developing their narratives in English and are beginning to produce some real masterpieces. In Maths, we have completed our topic on shapes, where the children learned all about polygons, quadrilaterals, and triangles. In PE, the children have been building their skills in preparation for Sports Day, showing great effort and enthusiasm. In Art, they have started exploring textiles, experimenting with a range of different materials. Well done to everyone this week, especially for working so hard during the heatwave!

TEAM HAYWARD: Y5/6

This week in English children completed and published their end of year speech. In maths, we have reached the end of our algebra unit - finishing with solving problems that involved identifying unknown values and what different possibilities could be. We also explored 2D and 3D imagery in art where children used their identity maps created previously in the unit to re-create symbolic imagery using a range of colour and card. In geography, we looked at what impact humans have on oceans, issues that are arising from this and strategies to reduce and resolve these problems. Our science lesson involved exploring the life cycle of an amphibian and data to make links and conclusions. This week the children have tried really hard with their learning considering how hot it has been. Well done guys!
