Weekly Message

WELCOME BACK! It has been a wonderful first week back at school with all of the children. Attendance has been amazing – a very strong start to the year, please keep it up! Mrs Light & Mrs Whitworth will continue to support good attendance as always. Well done to Noah G who was our first Club 100 winner with 93 children on the wheel – our new record!

All of the children have settled well back into their routines and I am super proud of them. Thankyou for your continued support, particularly with the building works that are ongoing. I look forward to welcoming you all back to our Golden Assembly with an audience from Friday 25th September at 8:40am.

TEAM COLEMAN: EARLY YEARS

This week in Early Years, we have had a wonderful start to the year, welcoming our new Nursery and Two-Year-Old children to our setting. We are so proud of how well the children have settled in and begun to build relationships with their peers and staff. The children have enjoyed exploring our learning environment, accessing the different areas of provision and becoming familiar with our new routines. We are looking forward to another exciting week of learning and discovery ahead!

TEAM ROSE Y1/2

We have had a super week back at school! The children have settled in lovely to our new classroom. We have been focusing on our handwriting and reading this week. Using seating and paper positions and pincer grips have really improved the children's handwriting. We have also been reading our new class story, Ruby's worries and introduced what adjectives are. In history we have been beginning to understand sources that could help us learn the events of the great fire of London. We have continued this learning in our continuous provision through our role play and construction area. I am super proud of all the children, well done!

THE A TEAM: Y3/4

The A Team have had a fantastic first week back at school with such a positive attitude towards their learning. In English, we have started reading 'The Stone Age Boy' in preparation for writing character descriptions next week. In maths, they have worked hard on their understanding of place value as well as learning about calculating the area of shapes. The children really enjoyed learning about the digestive system in science when we used different objects to represent the process of food being digested through the body. A super first week, keep up the great work next week!

TEAM HAYWARD: Y5/6

The children in Team Hayward have settled in well to new classroom expectations and have shown a great interest in our new topics for this term. I am particularly impressed with how much pride this cohort takes in the presentation of their work and look forward to seeing who will be rewarded with their pen license this year. When we are focused, this group of children are capable of achieving great things and I am excited to see what this year brings for us.
