11th November 2022

Weekly Message

As we reflect this week for Remembrance, some of our pupils represented the school beautifully at the War Horse Memorial. Thankyou to those children.

We look forward to seeing your children dressed in yellow / spotty / Pudsey theme next Friday (18th November) to raise awareness of Children in Need. All donations will be split between the charity and our pupils at school to use the funds to purchase a reading shed for the main school playground.

TEAM MORRIS: EARLY YEARS

This week in Team Morris we have been finding out about why we wear poppies. The children have asked some great questions. The children have made some poppies in the playdough and in the creative area. They have also counted how many poppies there were in maths. In Forest School the children took part in some remembrance themed activities and finished the session by making poppies in the woods. The children have also been finding out more about the properties of shapes, the Reception children did some problem-solving activities where they had to make triangles with lollipop sticks. Well done Team Morris some brilliant learning this week.

TEAM HOLMES: Y1/2

We have had a lovely week in Team Holmes! We have been learning about the story of Rama and Sita and the celebration of Diwali. The children have been so creative and have made their own diva lamps in forest schools. In maths we have been recognising coins and notes. All our children have used the properties of the coins and notes to help with their recognition. We have also begun our Design technology topic this week, the children have been investigating different decorations so they can eventually sew their own Christmas bauble.

TEAM AVEYARD: Y3/4

This week we have continued to look at the impact that deforestation is having on the Amazon Rainforest and the indigenous people who live there.

In geography we started to research the animals who call the rainforest home and created a research project.

TEAM FINCH: Y5/6

What a week Team Finch! We've cracked the bus stop division method - or have we? There has been some fantastic reasoning and problem solving skills this week in Maths. Well done to all.

In English - we have begun Animal Farm. What a book! Look out for some persuasive speeches next week.

In Science this week we have been classifying animals - and working out how Scientists split them up. Do we know our arthropods from our annelids?

Special mentions to Luna and Nigella - great weeks for them.

THE HIVE *(A message from Mrs Light)*

A big thankyou to all parents for supporting the Halloween Disco and to the parents who came to help. We raised an amazing £230.48.
