

Harworth Church of England Academy

End of the week reflection

This week, our school has been buzzing with curiosity as we celebrated British Science Week. Classrooms have transformed into hubs of investigation, problem solving, and joyful discovery. From hands-on experiments to thoughtful discussions about the world around us, our children have shown us what learning looks like when wonder leads the way, helping them not only to deepen their scientific understanding but also to grow in reflection and insight, and to continue gaining a heart of wisdom.

Regular school attendance makes a real difference. When children are in school every day, they keep up with learning, build strong friendships, and grow in confidence. We know that illnesses and unexpected events happen, and we're always here to help if attendance is difficult. Please talk to us - working together ensures your child has the best chance to thrive.

Achievements

The school choir took part in the Worksop Drama and Music Festival. They sang beautifully, and we are very proud to announce that they were awarded 2nd place!

Well done to all involved and thank you to the parents and carers who were able to attend and show their support.

Communication

If you need to pass on information to your child's class teacher during the school day, please contact the school office by phone or email.

Teachers are often unable to check or respond to emails while teaching, so the office manager will ensure your message is passed on promptly.

The best way to contact the headteachers is also via the school office, where messages can be directed to them quickly and appropriately. This helps keep communication clear and ensures nothing important is missed.
