Dear Parent or Carer,

The East Sussex School Health Service offers the **National Child Measurement Programme (NCMP) – heights and weights and Vision screening** for Reception year children.

This programme is accessed via the **School Screener parent portal**.

Please register for your account by clicking this link

<https://kes013.schoolscreener.com/Portal/#/3232/g/ESh357>

This will make sure that all the information is up-to-date and accurate. You'll have secure, 24-hour access to all personalised data for your children with one username and password.

Please view this Government privacy notice in relation to the National Child Measurement Programme (NCMP) [National Child Measurement Programme: privacy notice - GOV.UK](#).

If your child is under ophthalmology they will not require the vision screening therefore please let us know by phoning 0300 123 4062 option 2 or by sending an email to kentcft.eastsussexschoolhealthscheduling@nhs.net. Please do still register on the parent portal so that you are able to access the NCMP results.

These programmes are OPT-OUT

If you would rather your child doesn't take part, you can **OPT OUT** of the programmes by accessing your **parent portal** account. We will assume you are happy for us to see your child in school if we don't hear from you. We are unable to accept an opt out from a member of staff from your child's school and once the screening has taken place.

Chair John Goulston Chief Executive Mairead McCormick
Trust HQ Trinity House, 110-120 Upper Pemberton, Eureka Park, Ashford, Kent TN25 4AZ

The parent portal will be locked 72 hours prior to the screening date. During these 72 hours you will not be able to register or opt out of the programmes. If you wish to opt out in this 72 hour period please call 0300 123 4062 option 2.

The results will only be available on the parent portal. We are a paper light service, so will not be sending these results to you in the post. If you require a paper copy or information in any other format please contact us on 0300 123 4062 option 2.

We hope you find the below animation helpful in clarifying the aims of the NCMP programme and how it works in practice.

You can view our animation below:
