If You Were an Engineer - Competition

Dear Parents and Carers,

Earlier this year, pupils across school took part in the “**If You Were an Engineer**” competition. This was a fantastic opportunity for the children to think creatively, develop their engineering ideas and explain how their inventions could help solve real-life problems.

If your child took part in the competition, they may come home with a certificate to recognise their involvement and effort. We are very proud of all the pupils who entered and of the imagination, thought and enthusiasm they showed.

We are also delighted to share that some pupils from our school have had their entries recognised as **Winning** or **Highly Commended** entries. This is a wonderful achievement, as these entries were selected by the judges as being amongst the best in our region.

The pupils who have received this recognition are:

Foundation Stage

- Theodore
- Bella

Class 2

- Elin
- Poppy
- Edie

These pupils will receive a separate hard copy letter with further details about the Exhibition and Awards event, including information for parents and carers about attending the ceremony.

A huge well done to all pupils who took part in the competition. We are incredibly proud of their creativity, effort and enthusiasm.

Kind regards,

Mr A Robinson - Headteacher
