## SEND Overview

Dear Parents/Carers,

We are always striving to ensure the best possible support and outcomes for all our pupils, including those with Special Educational Needs and Disabilities.

Last academic year, you gave us some excellent feedback in our SEND Parent Survey and it was wonderful to share this with staff across school. It also highlighted some areas for development, which we have planned into this academic year including wider staff training in understanding Adverse Childhood Experiences, Trauma and Sensory Processing and we are delighted to have some experts in these fields to lead these sessions.

We are writing to share a calendar overview for parents and carers of children with SEND once again this year to explain where there will be opportunities to see your child's Personal Learning Profiles (PLPS) and talk with staff.

As you can see, we will be sending out a parent survey midway through the year again to gather your views and help us to continue to review and plan.

As well as Miss Gregory our SENDCO, we will also be supported by Miss McLaughlin this year who brings a wealth of SEND and Early Years experience, so you may see either of them in EHCP review meetings along with class teachers and support assistants.

We look forward to working together with you again this year.

Yours Sincerely,

*K.Lambert*

Mrs K. Lambert
