January 2026 - by Angie, Academy Principal

Dear Families

January has been a fairly quite month with pupils settling back into school after Christmas and working towards their personal goals and annual outcomes. We started Arts Week last Monday. This has been a chance for pupils to express themselves and create some fantastic pieces of artwork that will be on sale at the next 'Pupil Progress Morning' in March. Art is a great way for pupils to explore different materials and use different tools and methods. All the artwork has been created independently by the pupils and I'm sure it will be a great exhibition.

I would like to take this opportunity to remind parents about the timings of our school day. We start at 8.45am and unless there are individual agreements in place, we expect pupils to arrive on time each day. Pupils that come later are missing out on vital learning time and disrupt the morning routine. At the end of the day, all pupils are expected to be picked up on time between 2.45pm and 2.50pm. Parents must inform the school if they are running late so provision can be put into place. Please note that after school hours, we cannot guarantee that your child will be supported by their class team and maybe with other teachers or senior leaders that do not know them as well.

Next week is 'Children's Mental Health Week' where we will be putting on some extra activities to support pupil well-being and relaxation. Also included below is some relevant some information on E-safety ready for Safer Internet Day.

Finally on the last day of term, Friday 13th February, we will be having a Valentines disco where all pupils are encouraged to wear red for the day. If you are able to send in any party food that would be fantastic, but please ensure no foods contain nuts. There will be a disco in the afternoon for all the pupils that want to join in with lots of food, music and dancing.

Kind regards
Angie, Tor, Joe and Karen

Safer Internet Day - 10th February 2026

At Newbridge School we recognise the importance of online safety for our pupils, particularly considering their unique complexities and vulnerabilities. As such, we place great emphasis on implementing additional precautions to ensure our students' safety in the digital world. We achieve this by collaborating closely with parents/carers, teachers, and teaching assistants to equip them with the knowledge and resources necessary for supporting children online.

For Safer Internet Day, learners will be creating a special internet safety profile in their classrooms, where they can identify what they like to do online and what they like to watch on YouTube. This way we can all keep them safe and be aware of what they are being exposed to. This is important to help keep our learners safe online, making sure both home and school together know what our children enjoy doing online and how we can do this safely with our support and supervision.

Helpful resources for keeping children safe online:

Websites
