WHAT WE ARE LEARNING

Early Years

Early years children have been reading 'A superpower like mine' and they have been thinking about their own superpowers. They identified they are kind, helpful, caring and loving and have been discussing how they will use their superpowers as they grow older.

Music

Sycamore class have been learning all about pitch, dynamics and texture in music. They have also learnt some signals that a conductor would give an orchestra to change these in a piece of music. They are perfecting their performances.

Reading

Hazel class came in to a disastrous mess this week. They found an intruder had been into the class and left a mess! Luckily they also left some evidence behind so the children have been looking at the clues and investigating what happened. They read the text of the week 'Cops and Robbers' to find out exactly what happened.

SCHOOL ACTIVITIES

Jeans for Genes Day

Today we supported Jeans for Genes day by coming into school wearing denim. The money we raised will help to provide much needed specialist care to those affected with a genetic condition. Thank you for your support.

Forest School Friday

Our Early Years children have been exploring outside during forest schools each Friday. They have been busy learning about the world around them through play, working together and most of all having fun!

ENRICHMENT CLUBS

Enrichment clubs for Year 1 – 6 children begin on Monday. There are a few spaces left so please book your child a place by clicking on the image below and completing the form.

WONDERFUL WORK AWARDS

CEDAR	BIRCH
Myla & Jasper	Ivy & Dviti
