Well done to our football team who played against St Thomas' here at school last Friday afternoon. It was the first time the team played together and they showed great determination and team spirit. We are really proud they won their first match 1-0.

Alder have been orienteering in PE this half term and focusing on using maps to locate checkpoints. Using the orienteering checkpoints around school and a map of the school grounds, they had to locate numbers and find factor pairs-the first team to find them all, wins!

ENGLISH

In English, Willow Class have been learning how to give and write instructions. They gave Miss Conway a set of instructions using time words, bossy verbs and adverbs to help her draw a giant panda. Then, they worked with their partners to help them draw a crab. Good work Willow class.

Next Thursday 2nd April is Autism Awareness Day.

Children are welcome to come to school wearing blue to show their acceptance of Autism.

Year 6 Reads!

In March 2026, students have read...
22 Books
310,960 Words
 for **12 minutes/day!**
 (individual student average)

GEOGRAPHY

Following on from their field trip around the local area, Ash class spent time comparing their local area with New Delhi. They had to use the atlases to find out which continent it was in, what countries bordered India, what seas it was surrounded by and if it was the capital city. They then used Google Maps to look for physical and human features of the area to compare it to where they live.

Year 1 have been out and about in school this week looking for computer equipment. They took their iPads and worked together to take pictures of inputs and outputs.
