<b>Ash</b>	Honey & Luke
<b>Rowan</b>	Tia & Beth
<b>Sycamore</b>	Whole of Sycamore!
<b>Alder</b>	Olivia & Connor

## PARENT'S morning

Our oldest children in school enjoyed their parents mornings this week. Year 5 and 6 upskilled their parents with online safety, focusing on the legal age limits on specific apps and discussing scenarios and being in chat groups. They played a few online safety games and created a family technology and a screen time agreement together.

## MATHS

Hazel class have been working on doubling and halving in Maths this week. They learnt how to use the inverse to work out what double or half is. Great work Year 1 and 2.

Maple class painted their Ancient Egyptian art onto their handmade papyrus in their Art lessons this week. Next week they will be evaluating each others work to suggest improvements and make their work even better.

## ART

**Year 5 Reads!**

In March 2026, students have read...  
**7 Books**  
**140,811 Words**  
 for **20 minutes/day!**  
 (individual student average)

REINFORCEMENT Accelerated Reader

## RELIGIOUS EDUCATION

Beech Class have been looking at faith communities during RE and have been discussing the groups they are part of and how this makes them feel. They talked about different religions and where people go to worship. They spotted similarities and differences between the different religions and what they celebrate.

Please make sure your child is practising their times tables on ttrackstars.

Well done to **Hazel** for achieving the highest attendance this week!

Comic Relief is on Friday 20th March. We are raising money for Comic relief this year by bringing £1 to school and wearing the craziest outfit imaginable. There will be prizes for the wackiest costume in each class.

Next week is Neurodiversity celebration week. Children will be learning about people who have a neurodiversity, how that makes them unique and how it often helps them to excel at many things. We will also be having a poster competition within school that celebrates inclusion.
