

# Sports Premium Allocation 2019-2020

## How we spend our additional funding:

### Sports and PE funding

Since 2013, schools have received an annual special Sports and PE funding grant directly from the Government targeted at improving sports and PE provision. It is likely that this funding will continue until 2020. Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil. We decide how to spend this through auditing our provision, identification of aims (below) and surveying the views of our school community members, including parents, pupils, staff and governors.

The sports/PE we are required to teach as part of the National Curriculum are team games, dance, gymnastics, swimming, athletics, outdoor and adventurous activities; the curriculum also covers keeping fit and healthy.

### **Our aims to improve sports/PE provision at Dean Barwick Primary are:**

- To maintain and **increase pupil enjoyment of and participation in** sports/PE and adventure activities
- To increase provision for **promoting fitness and healthy lifestyles** for our pupils, including the recommended daily exercise of 30 minutes.
- To increase opportunities for all of our **pupils to participate in shared sports events and competitions** with other schools locally
- To **broaden the range of sports/PE we offer** our pupils – both during school curriculum time and as extra-curricular opportunities available to all
- To **improve our assessment of pupil achievement** in sports/PE and ensure **all pupils make at least expected progress**
- To **continually improve the quality of our PE teaching**, ensuring that all lessons are at least good and increasingly outstanding
- To improve our **provision for SEND, disadvantaged pupils** in sports/PE
- To provide **skilled PE subject leadership** across school

**In 2018-19 (academic year),** we received £16380 and used this to improve our provision through:

- As part of our partnership with the Cartmel Cluster schools, contributing towards providing a shared specialist sports/PE co-ordinator to lead the organisation of inter-school sports events and staff training; also providing at least 1 or 2 lessons per week specialist sports teaching in school – including KS1 and KS2 gymnastics, multi-skills for KS1, Y3/4 hockey and whole-school athletics opportunities.
- Providing training and additional planning, monitoring and assessment time (including supply cover to enable this) for development of the PE subject leadership role.
- Staff training and CPD
- Providing new sports equipment
- Providing specialist Learning Support/Teaching Assistant time (including ‘Smart Moves’ programme) for identified SEND and pupils in need of further support
- Providing extra-curricular sports clubs accessible to all pupils: KS2 football club; Orienteering club; cross country running club; climbing club; mountain biking club; adventure sports club
- Providing a range of sports/PE opportunities led by sports professionals/ coaches in curriculum time: KS1 and KS2 Dance workshops by Dance Attik; UVHS Dance Platform project; Football club; HITT and circuits; alternative sports – X-country running etc
- Funding transport to/from venues for Cluster schools’ sports events

- Contributing towards funding sports/adventure-focus visits/events: KS1 adventure days; Y4/5/6 Kendal Mountain Festival; Y4/5/6 Welsh residential;
- Funding new initiatives to promote health, fitness and wellbeing: 'HeartSmart' programme for whole school including training for all staff; 1<sup>st</sup> Aid training for all pupils  
(NB: all figures are rounded)

### **Impact (and future aims)**

So far, the impact of this provision has been very good, because it is helping us to meet all of our aims (listed above). Evidence includes:

- Our Active Lives Children and Young People survey Sept 19 reported high levels of engagement and confidence in our pupils
- Pupils are enthusiastic. 100% of KS2 pupils surveyed (Feb 19) enjoy PE lessons and agree there is now a good range of activities to try.
- Parents are enthusiastic. 23/37 families returned our Sports and PE funding impact survey. Of these, 100% agreed that their child enjoyed PE lessons and that there is a good range of sports/PE/adventure activities on offer. Comments included 'An amazing range provided, especially for a small school!' 'There are lots of opportunities to try different sports.'
- High levels of pupil participation in extra-curricular sports activities: 94% of KS2 have taken part over the year.
- Good levels of fitness. 100% parents agreed that their child is encouraged to keep fit, active and healthy.
- New assessment system in place Depth of Learning enabling improved pupil progress tracking, This has been used for Maths, English, Science in 2018-19 and will include all other curriculum areas in 2019-20
- Good quality of lessons observed (March 19 subject leader Learning Walk/observations across school). Increased use of specialists/coaches has increased quality of teaching in lessons and provides training for our own non-specialist staff as they observe/support these lessons
- Subject leader has attended training and staff have attended PE Co-ordinator meetings including cluster conference in autumn 2018, increasing skills and knowledge
- Governors are all very positive about the impact of our spending. Comments made include: there has been a huge increase in different opportunities for all pupils; there are more opportunities for inter-school sports and team events; many examples of pupils now confident and skilled enough to join other clubs/training out of school; the needs of SEN/lower ability and higher ability pupils are also clearly being met in creative ways
- Pupils also requested opportunities for tennis, badminton, table tennis and more archery and caving, so we will aim to include these where possible.

*PM October 2019*

### **Allocations:**

SP17 Allocation 1 (Sept 2017 – Mar 2018):	£4733
SP17 Allocation 2 (Mar – Sept 18):	£6808
SP18 Allocation 1 (Sept 18 – Mar 19):	£9567
Total allocation (Apr 18 – Mar 19):	£21,108
