

West Exmoor Federation Home Working/Home Study Privacy Policy

Staff, pupils and other associates at the West Exmoor Federation will make use of personal data both in and outside the organisation setting.

This will include homework, planning, marking, remote learning and collaboration with colleagues. It will also include administration processes and facilities management.

West Exmoor Federation will review the use of suitable technology for remote working and home-learning, and ensure that appropriate technical, security and organisational measures are taken. The choice of technologies and processes will take into account the needs of West Exmoor Federation to respect the rights and freedom of its staff, pupils and the wider community with respect to personal data.
