Special Educational Needs and Disability (SEND) Policy

At Chaloner Primary School, we value the contribution that every child can make. We are committed to offering an inclusive curriculum to ensure the best possible progress for all of our pupils, whatever their needs and abilities.

The school seeks to raise achievement, remove barriers to learning and increase physical and curricular access to all. All children with SEND are valued, respected and are equal members of the school.

As such, provision for pupils with SEND is a matter for the school as a whole.

Definition of Special Educational Needs

- A pupil has **SEND** if they have a special learning difficulty (or disability), which calls for special educational provision that is different from, or additional to, that which is normally available to pupils of the same age.
- These difficulties will fall into the following four categories:
 - Sensory and/or Physical
 - Communication and Interaction
 - Cognition and Learning
 - Social, Emotional and Mental Health

Some students may have complex needs, which cover a range of difficulties.

- The Disability Discrimination Act (1995) states that *'a person has a disability for the purpose of the Act if they have a physical or mental impairment, which has a substantial and long-term adverse effect on his ability to carry out normal day-to-day activities.'*
- Children with EAL should not be regarded as having SEND, although pupils with EAL may also have SEND.

Aims

The aim of our SEND Policy is to ensure that:

- We identify and assess children with SEND as early as possible.
- All procedures for identifying children with SEND are known and understood by all teaching and support staff.
- We provide adaptive teaching and reasonable adjustments within a broad and balanced curriculum to ensure children with SEND make progress in line with their peers. It is an inclusive approach through Quality First Teaching.

Reasonable adjustments- *Adapting the lesson design, adaptation of teaching, tasks and expectations for recording, using additional resources and deploying support staff effectively for the same outcomes creates an inclusive learning environment for all children.*

Adaptations include, but are not limited to: using multi-sensory approaches; encouraging collaborative learning; providing opportunities for consolidation and overlearning; same day intervention; pre-teaching; use of IT for recording. All adaptations are informed through ongoing and accurate formative assessments

- Records relating to SEND follow the child through the school. They should be clear, accurate and up to date.
- We raise staff expertise and awareness of SEND, through high quality CPD.
- We work in partnership with parents.
- We maintain close links with the support services and other professionals and external agencies.
- Each child's learning and achievements are maximised at every stage of their primary school career.
- There is adequate resourcing for SEND.

The Local Authority's **Local Offer**

- The Children and Families Bill was enacted in 2014. From this date, Local Authorities and schools are required to publish, and keep under review, information about services they expect to be available for the children and young people with Special Educational Needs (SEN) aged 0-25. This is the '**Local Offer**'.
- The intention of the Local Offer is to improve choice and transparency for families. It will also be an important resource for parents in understanding the range of services and provision in the local area.
- The Local Offer can be accessed at: <https://informationdirectory.redcar-cleveland.gov.uk/local-offer-send>

The School **SEND Information Report**

- This utilises the Local Offer to meet the needs of SEND pupils as determined by school policy, and the provision that the school is able to meet.
