

Stocks Lane Primary School Newsletter

Friday 9th January 2026

This Week's Wonderful Achievements

House Dojos- Ruby is the winning team this week with the most Dojo points. Well done!

Emerald	1997
Ruby	2143
Silver	1986
Gold	2107
Amethyst	2056
Diamond	2093
Sapphire	2009

Lily's Friendship Award

Willow	Hallie is a fabulous friend to everyone. She always looks after her friends and is super helpful in class. Her kindness to others is admirable!
Laurel	All of Laurel Class have been fantastic friends to Jack this week and have welcomed him to Stocks Lane. Well done Laurel Class!
Sycamore	Harvey W , for sharing equipment nicely with his friends and being respectful.
Rowan	Zachary , a new member to our class, has been noticed by the other children for being polite and kind to all.
Cherry B	All of Cherry Blossom have been extremely kind and have welcomed Miss Routh to Stocks Lane with a smile!
Oak	Flynn - he is always making sure that his friends are ok and helping out when needed (making a great Top Teacher).
Acer	Ayaan has been a lovely friend this week helping children with some tricky greater depth problems in Maths.

Stars of the Week

Willow (Reception) - Leo is our Star of the week this week. He has been working really hard to complete tasks independently this week and he has been doing a fantastic job. Leo is facing every challenge with a positive attitude and a smile on his face, we love seeing the pride on his face when he completes his work. Keep it up Leo!

Laurel (Year 1) - Jack has had a fantastic first week at Stocks Lane and has been a superstar in all areas of his learning. Well done Jack!

Sycamore (Year 2)- Harvey Q is our star of the week for his fantastic work in our topic launch. He worked well with his partner to find all the clues for the scavenger hunt and learnt lots of facts about our new topic! Super work Harvey!

Rowan (Year 3)- Ezra has returned to school with a great attitude towards his learning, he has tried hard to stay on task and has shown great enthusiasm in the classroom!

Cherry Blossom (Year 4) - Tayyiba has had a fantastic first week back. She has worked hard in all areas of her learning and she has continued to have amazing presentation in all of her work. Keep it up Tayyiba!

Oak (Year 5) - India has been trying hard all this week with her learning. She doesn't always find things easy but she has persevered and tried to stay positive. Well done India!

Acer (Year 6) - Isaac has been working extremely hard in Maths, tackling greater depth percentage problems. Well done Isaac!

Attendance

THERE ARE 175 NON-SCHOOL DAYS EACH YEAR

175 days to spend on holidays, family events, shopping, birthday treats, household jobs and any bookable appointments.

Our whole school attendance target is 97%

Please make sure you try to take any family holidays outside of term time. Children who have good attendance achieve well at school. A school's performance measure is also informed by its attendance. Let's keep Stocks Lane GOOD!

	Attendance	Lates
Willow	96.7%	2
Laurel	93.2%	10
Sycamore	93.3%	7
Rowan	98.9%	1
Cherry B	94.3%	5
Oak	97.5%	4
Acer	92%	4
Whole School	95.1%	33

School Matters!

Attend Today, Achieve Tomorrow

School Absence

Please remember to phone school before 9am on the first day of absence and every subsequent day of absence.

Missing one school day is the equivalent to missing two sessions!

Well done Willow and Rowan Class for winning our attendance award this week! Please remember to be on time- 8.50am- every minute counts!

Road Safety

On Friday, the Road Safety Team came into school to carry out some workshops with the children. The children learnt how to cross the road safely using different crossings. They also learnt about the Green Cross Code and how to use this when helping us to stay safe.

10 Top Tips for Parents and Educators ESSENTIAL ONLINE SAFETY

Children and young people use the internet every day to learn, play, and connect, but the online world is not always safe. For adults, it can be hard to keep up with the risks, including harmful content, cyberbullying and scams. These 10 tips provide clear and practical advice to support safer and healthier digital habits, helping young people to make informed, secure choices when using technology.

1 START EARLY CONVERSATIONS

Begin talking about online behaviour from the moment children start using devices. Use age-appropriate language and revisit topics regularly, making it clear they can speak to you about anything that upsets or confuses them. Keeping these chats open helps build trust, so children are more likely to come to you when needed.

2 PROMOTE SAFER SHARING

Children can overshare without understanding the risks. Remind them that photos, locations, or messages can be copied or shared beyond their intended audience. Explain how even private messages or group chats can be saved and/or misused. Talk about what is appropriate to post, message, and who it's safe to share with.

3 ENCOURAGE DIGITAL BALANCE

Many apps and games are designed to keep users engaged through rewards, likes, or constant updates. These features can make it hard for children to switch off. Talk openly about how these systems work and help children recognise when it's time to take a break. Building in tech-free routines supports a healthier balance and awareness of their screen time.

4 CREATE A SAFE SPACE FOR CONCERNS

When children come to you with a concern, respond with interest and care, rather than with alarm. Keeping your reaction measured helps them feel safe and supported. This doesn't mean ignoring serious issues; it means showing that you're there to help. When children trust that they can speak openly, they're more likely to feel supported through unpleasant online experiences, and to ask for help in future.

5 STAY INFORMED AND CURRENT

With emerging technologies like AI moving and changing so quickly, it's important to stay updated on how children are using new platforms, apps and games. Ask them to show you what they use and let them take the lead as you explore together. This opens up valuable conversations and helps you stay ahead of emerging risks and trends.

6 TEACH CRITICAL THINKING

Talk to children about how to recognise unreliable information or scams online. With AI-generated videos, photos, and stories becoming harder to spot, help children question what they see and encourage them to look for evidence, check sources, and ask questions. These skills will help them avoid risks, make smart choices, and develop healthy habits for the future.

7 SET CLEAR BOUNDARIES

Involve children in conversations about device usage so they feel included. Agree on digital rules such as screen-time limits, age-appropriate apps, and no devices in bedrooms overnight. Use parental controls to block or filter harmful content and explain that rules are there to protect and support them, not to spoil their fun.

8 LEAD BY EXAMPLE

Children often copy the behaviour of adults around them. Show them what balanced, respectful, and mindful use of technology looks like, such as avoiding scrolling during family time and speaking kindly in messages. If you expect certain behaviour from them online, make sure your own habits reflect the same standards.

9 EXPLORE PRIVACY SETTINGS TOGETHER

Show children how to use privacy tools on apps, games, and websites. Teach them to use strong passwords, block or report others in response to problems, and avoid sharing personal details. Explore settings together so they feel confident and in control, and explain that these features are there to help them stay safe online.

10 KNOW WHERE TO GET HELP

Familiarise yourself with tools and organisations that support online safety. The National College offers online safety guides and webinars which provide tips on staying safe. Websites like Report Harmful Content and CEOP can be used to report when something goes wrong. Show children how to report or block users, and where to go if they feel unsafe. Make sure they know that asking for help is always the right thing to do, and be prepared to support them.

Meet Our Expert

Home to the world's largest CPD library for educators, The National College has transformed the way education establishments go about developing their workforces and managing compliance. Our three memberships help all phases and types of setting raise standards, save time, reduce risk, and build a culture of improvement.
