

# FUNDRAISING FOR FREYA

TUESDAY 22<sup>ND</sup> JULY

Active South  
Derbyshire

Freya was diagnosed with stage 4 high-risk neuroblastoma. After completing 15 months of frontline treatment, end-of-treatment scans showed Freya had relapsed and since relapsed again this summer. A donation to Freya's campaign could help her access potentially life-saving treatment to get her back into remission.

The South Derbyshire Active Schools Partnership is excited to join forces with Active South Derbyshire for an incredible 70-mile cycling challenge! Together, the team will be visiting every affiliating school across the South Derbyshire district in a single day on the 22<sup>nd</sup> July.
