

Reading

Please read with your child on a regular basis. Your child is listened to at school on a weekly basis through guided and individual reading. Books can be changed as frequently as required, when you have finished them. Please make note of the pages you have read in your reading record and a small comment about progress being made. Please try and complete some of the reading tasks in your homework book as these support your child's comprehension and prompts discussion.

Staff

Mrs Cox - Monday - Wednesday
Mr Clewer - Thursday and Friday
PPA - Mrs Langley

PE

Our PE days are a Tuesday and Thursday. Please make sure your child has their kit in school for these days. We will be doing PE inside and outside so suitable clothing is required for both.

For the next 4 Tuesday's Gwent Outdoor Education will be working with us. The children need Wellies/suitable outdoor shoes, hat, scarf and gloves, waterproof coat and trousers(if you have them) and lots of layers of clothes. Wearing all these will allow the children to experience all the activities for a sustained period of time.

Class Newsletter Year 3 Spring Term 2018

This newsletter and other important information is available on
www.rogiet.monmouthshire.sch.uk

Our topics this term are **Gods and Gladiators** and **Robot**

The second project has a design and technology focus and

Rampage.

The first project has a history focus and teaches children about the significance of the Romans, who they were, where they came from and their impact on the Celt population of Wales and Britain. At the heart of this project children will develop skills in persuasion and letter writing.

Children will

- research the invasion of Britain and Wales and their settlement in these places;
- Learn about the culture, religion, buildings and way of life in Roman Britain, and how the settlement affected the Celtic people
- How to use a range of sources to gain information about the Celts and Romans;•
- How

make a

to present
information and
persuasive case.

teaches children about a range of different mechanisms and how these can be powered using electricity and other forces. At the heart of this project children write stories about robotic characters set in fantasy worlds. In addition children develop skills to write instructions and autobiographies for a range of fantasy characters and significant historical figures in the world of engineering and science.

In this project the children will learn:

- About a range of moving mechanisms;
- How to use electricity and other forces to power and add features to simple mechanisms.
