1. What do we want our school to be like?

- The children's behaviour and the school ethos are in line with our school Vision.
- A safe and happy learning environment where all children are excited about learning and making a positive contribution.
- Every member of the school community should be treated fairly, equally and with consideration.
- A place where people feel good about themselves.
- Somewhere to experience a sense of calm and order in a caring working atmosphere.
- An exciting place where children and staff have the opportunity to be creative and celebrate their talents.
- Positive relationships to be embedded across the school.

We will use the following for our children to understand what is expected each day:

**Be Ready
Be Respectful
Be Safe**

2. Learning behaviour

What is learning behaviour? At Shield Road Primary School we believe that certain traits of behaviour, linked to our school vision, ***promote*** effective learning:

- Concentrating
- Being motivated and interested
- Persevering
- Having good self-control
- Being confident
- Having a sense of empathy
- Taking risks
- Valuing others and their opinions
- Being receptive to advice
- Having the capacity to self-evaluate
- Being independent
- Being co-operative
- Being reflective
- Taking care over work

We try to promote these learning qualities by modelling them, discussing them with children and drawing attention to those children who exemplify these qualities.

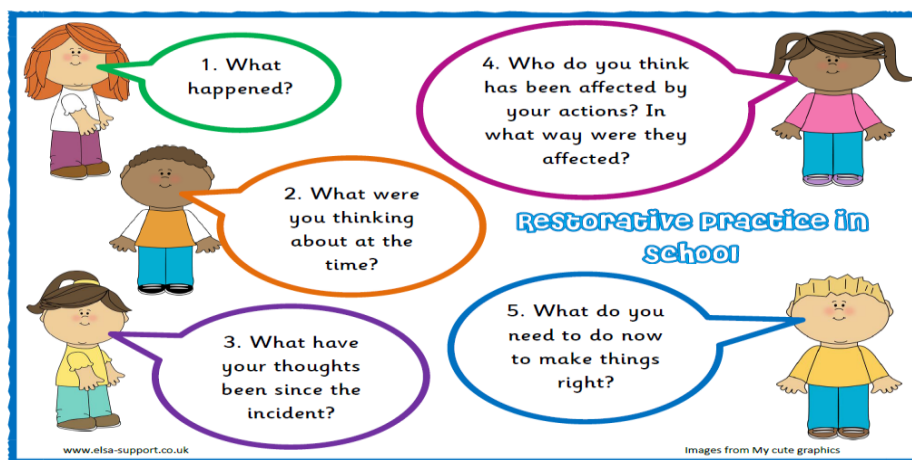

3. What strategies will we use to help children to behave well and engage in learning?

- Build positive relationships
- Ensure a consistent approach involving all staff, parents and children working as a team.
- Teach children self-awareness, empathy, social skills, managing feelings and setting goals.
- Plan lessons carefully so that all children can succeed and feel able to take risks
- Provide opportunities for children to reflect on their own behaviour and learning
- Provide opportunities for children to understand their own and others' feelings.
- Plan activities to capture the children's imagination and to stimulate their interest
- Provide challenge for all pupils

- Develop a strong and effective relationship with parents/carers

4. At Shield Road we strive to promote for *Behaviour for connection*

- This means that we emphasise the importance of relationships, learning conversations with children and encouraging children to address behaviour issues through thinking and expressing their feelings.
- Staff address pupil conflicts or issues through questioning (see below)
- We use rewards and sanctions where appropriate, but also promote restorative justice in school.

Summary : Behaviour to Maintain Connection

During incidents

- Use the language of emotions, language and values.
- Problem solve with the child. How can we make this better.

Longer term

- Teach and model learning behaviour.
- Provide children with dilemmas, scenarios, role play opportunities in which they consider behaviour choices.
- Use restorative practice in reflection time and when needed.
- Ensure all staff use 'maintaining connections' approach.
- Maintain a positive, assertive but calm approach.

a) Behaviour that hurts or injures others physically or emotionally or is disrespectful

E.g. Bullying, fighting, including play fighting, racist, sexist or homophobic comments or behaviour, inappropriate language e.g. swearing, defiance or rudeness to any adult, name calling or teasing, continued interruptions to others and non-compliance with adults' instructions.

b) Behaviour that is unsafe

E.g. Running inside the school building, not following adult's instructions, dangerous behaviour, leaving the classroom without asking permission
