

Care, Learn, Respect

## Summer Edition

On 19th May, Year 6 went on their leaver's residential to Robinwood in Todmorden. They left at 9.30 in the morning and travelled on the coach for just under two hours. Although it seemed like a long journey the beautiful Yorkshire countryside and talkative classmates made the journey go by quickly. When they arrived, they were greeted by their guides Ash and Noah. After a twenty minute up hill walk, the Year 6 children soon reached the grand Dobroyd Castle. Over the next three days, the class took part in many activities including caving, canoeing, trapezing, raft building and rock climbing. All of these experiences were exciting but nothing compared to the Piranha Pool which was very exhilarating for everybody. On the 21st May, the class were exhausted and sad to leave however made some amazing memories that will last a lifetime!

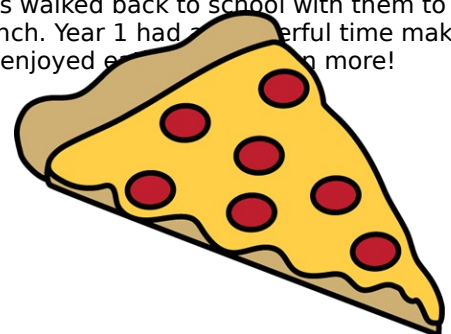

By Ayo, year 6

This half term, Year 4 took part in a very fun and interactive sound workshop, led by Sam. He taught the class all about different sounds and how they are made. Sam carried out lots of experiments and involved the children in each of them. He showed them the sound of his old gramophone. Sam also taught the Year 4 children about high and low pitched sounds, volume and how sound travels. The class then made a range of instruments including drums made out of a can and rainbow shakers made out of cardboard. Sam taught the class how sounds can travel in water, air but not in space. Year 4 really enjoyed the workshop and came away with lots of new knowledge.

At the beginning of this term, Year 1 went on an exciting school trip to Pizza Express for the morning. They walked to the restaurant in Manchester City Centre for 9.30 where they were greeted by the friendly staff. At the start, the class met the restaurant team and were told about some important cooking basics such as washing hands and staying safe in the kitchen. It was then time for the exciting part...the pizza making! The pizza chef showed the children how to make the famous pizza classic: the Margarita. After that, everyone got the chance to knead the dough, making it lovely and smooth. The class were then told about the importance of fresh ingredients and how each of them adds to the flavour of the pizza. The class then topped their pizzas with their choice of toppings such as mozzarella, basil, mushroom. The pizzas then went in the giant oven to cook. The class then spent some time drawing and crafting and before they knew it the pizzas were ready. Each pizza was put in a take away box and the class walked back to school with them to enjoy as their lunch. Year 1 had a wonderful time making their pizzas and enjoyed eating them more!

By Kaleb, year 6

The Year 6 have worked very hard trying to make this final term the most enjoyable and fun it can be. Firstly, they practised extremely hard to put on a fantastic performance of the well known musical Shrek. They gave it their all and the parents and other children in the school were very supportive and thought that the production was amazing. So much talent and hard work was seen in all of the class and they should be very proud of themselves. The Year 6 class also had their transition at their new schools to allow them to become more familiar with their new teachers and classmates. They all had positive experiences and are looking forward to starting in September. On the last day of term, the class will also put on a Leaver's assembly for the rest of the school and their parents. The children will share their most memorable moments and memories from St Wilfrid's. We hope everybody has a wonderful week and wishing all of Year 6 lots of luck at their new schools.

On Thursday 26th June, the children from Reception to Year 6 took part in their Sports Day. It is a great event that involved children testing their physical skills such as stamina, flexibility and speed. Luckily the sun was shining and the day was enjoyed by everybody. In the morning, the Reception and Key Stage 1 children had their Sports Day and in the afternoon it was the turn of the Key Stage 2 children. Everybody had lots of fun taking part in a selection of different races. Each child competed against other children and received 1st, 2nd and 3rd place stickers. The different races included a running race, an egg and spoon race, a beanbag race and a space hopper race. All children tried their very best and made all staff and parents very proud. On Thursday 4th July, the Nursery children also took part in their own Sports Day. Their grown ups came to watch them and they all had a great time. As a special treat at the end of each Sports Day, the children all enjoyed a tasty ice ice lollies to cool down. Well done everybody!

**Eco** By Kaleb, year 6

This year, School Council have been working very hard and have done a fantastic job at being the voice for all pupils in school. They have ran social clubs and have met regularly to help make some important decisions together. They have worked very closely this year with the school kitchen and have been helping to develop a new dinner menu. As part of this, they were involved in tasting a variety of different meal options and then decided on their favourites on behalf of all classes. In addition to this, School Council have also been coming up with ideas for a new club and have had their idea of a new craft club approved which will start in September. Well done to all of School Council and thank you for all of your hard work this year.

By Milan, year 6

Well done to all of St Wilfrid's for receiving the Eco School Green Flag Award again this year!

In this issue, we decided to interview Mrs Corrigan

**What is your favourite colour?**

Green.

**Do you have any hobbies?**

Upcycling and refurbishing.

**Where is your favourite holiday destination?**

Greece.

**What is your favourite type of food?**

Seafood.

**What do you like about your job?**

Being able to met all of the children in school.

**What do you like most about St Wilfrid's?**

The staff and children are all very polite.

**What is your favourite subject?**

English.

**What are your plans for the summer holidays?**

Going to Spain with family.

On Tuesday 24th June, the Year 2 class went on a wonderful trip to Z-Arts in Hulme. They took part in a fantastic experience where they could use their imaginations to create their own amazing adventure. The class were transported into the world of Alice in Wonderland. They met Alice, the Cheshire cat and the white rabbit. The children explored amazing rooms filled with colour, fun and surprises. They especially enjoyed the treasure hunt where they searched for clues and hidden treasure. Everyone had a fantastic time using their imaginations and joining in with the magical fun. It was a day full of laughter, curiosity and unforgettable memories.

By Rebecca, year 6

In the first week of this half term, the Reception class received an exciting delivery to school. It was a 30 mini caterpillars! The class were very excited and each had their own little caterpillar in a ventilated pot with some food. Everybody watched closely as their caterpillars ate the food and got bigger and bigger. Eventually, each caterpillar made their own cocoon. They were then transferred into a large net where the cocoons were attached to the sides. The children were very excited to watch and see what would happen next. After several days, beautiful butterflies started to emerge from each cocoon. They were Painted Lady butterflies. Reception looked after the butterflies for a week and fed them different juicy fruits. Finally on a sunny Friday afternoon, it was time to let the butterflies fly away. The class all gathered in the outdoor area and watched as each butterfly flew away up high into the blue sky. The class were sad to see them go but learnt so much about the life cycle of a butterfly from the experience.
