Summer Jokes

What happens when ice cream gets angry?
It has a meltdown.

Why do bananas wear sunscreen?
Because they peel!

What do you call a snowman in the summer?
A puddle.

How can you tell if the ocean is friendly?
It waves.

How does a mermaid call her friends?
On her shell phone.

Where did the sheep go on summer vacation?
To the baaaaa-amas

Goodbye Mr Moloney

Points of interest:

- Goodbye Mr Moloney
- Eco Visit
- Year 6 Leavers
- Nebula Centre
- Transition Day
- Interview the Headteacher
- Pick an artist
- Minibeast Workshop
- Summer Fun Page

Earlier this school year, we received the news that Mr Moloney would be retiring from his role as Headteacher. All of the staff and children were sad to hear the news as he is such a big part of who we are at St Wilfrid's. Mr Moloney has been a fantastic Headteacher, making our school the wonderful place that it is. His hard work, support, care and kindness can be seen in everything that he does. He has high expectations of every child as he wants the very best for them. Because of this, the children push themselves in everything they do. Although we will all miss Mr Moloney a lot, we understand it is now time for him to enjoy his retirement. We wish him the very best of luck for the next chapter of his life. Thank you for everything Mr Moloney, you will be missed by all.

Eco Visit

On Monday 29th June, the Eco Team and Miss Chisholm went along to The University of Salford. They were joined by many children from other schools and were very proud to be there representing St Wilfrid's. The Eco Team had the opportunity to speak to everybody about their achievements this school year. These included composting leaves to help improve soil quality. They also went on to talk about their ambitions for the future which included working closely to help support the new Eco Team in September. The children then listened to other schools about what they had achieved over the year. After the event, the children and Miss Chisholm stopped off at Hulme Garden Centre where they ate lunch and played in the outdoor area.

Year 6 Leavers

On 17th July, the children in Year 6 will be leaving St Wilfrid's. The class are feeling sad to be leaving primary school but very excited to be starting a new chapter in their life. Over the last half term, they have been practising for their Leavers Assembly that will take place on the last day. Roles have been decided and songs have been practised. The Year 6 children have been performing the assembly and everybody including the year 6 children are excited to see how it turns out! As a special treat for their hard work this year, the class also went out for a fun morning of bowling and lunch. All children had such a fun time and enjoyed spending this time together. We hope the year 6 children will cherish their final days at St Wilfrid's before starting a new chapter at high school. We wish them all the luck for the future.

Nebula Centre

On Tuesday 23rd June, the Year 1 and Year 2 classes were lucky enough to go on a school trip to the Nebula Centre. This is a forest school centre where the children could play and explore in the outdoors. They left school at 9am and travelled by coach. For many of the children, this was their first time on a coach and they were very excited! When they got there, the classes took part in lots of fun activities including den making and toasting marshmallows. They also listened to a story called The Green Man and created sculptures out of clay. The children also had the opportunity to spend time in the play area and loved exploring the forest grounds. The children travelled back to school very happy and very tired. Anusha from Year 1 said 'my favourite part of the day was travelling on the coach and playing on the climbing frame'. Lots of fun was had by all of the children and wonderful memories were made.

Transition Day

This half term, all classes in school took part in a transition afternoon. This involves each class moving to their new classroom to spend the afternoon with their new teacher. During this time, the children complete activities and tasks which will help the teacher get to know them a little bit better, ready for September. It is also a time for the children to get to know their new teacher. The idea of the afternoon is for everybody to become more familiar with their new classroom and routines. This will hopefully make the start of school in September an exciting time for everybody! The year 6 children also went on a transition day to their new secondary school this half term. At their new school, the children met their new teachers and other pupils who would be in class. Lewis said 'I loved Loreto. I met some new teachers, all the children were nice and the school meal was delicious! Well done everybody and good luck in your new classes!'

Interview a Headteacher

In this issue, we decided to interview Mr Moloney, the Headteacher.

What is the best thing about this school?

How everybody looks out for each other.

Is being a head your dream job? If not, what would be your job instead?

No, my dream job is to be a sports lawyer.

What is your favourite holiday destination?

Florida.

What is your favourite dish that you cook for yourself?

Steak with salt and pepper chips.

What is your favourite football team?

Manchester United.

What is a word you would use to describe yourself?

A worrier.

Who do you think is going to win The World Cup?

Spain.

Who is your favourite player?

Paolo Maldini

What is something that the children at St Wilfrid's don't know about you?

I have a large tattoo of Jesus and Mary.

Pick an Artist

This half term, each class has been looking at different famous artists. In Reception, the children looked at the art from the famous artist Yayoi Kusama and in Year 2 the class explored the artwork of Esther Mahlangu. The Year 6 children also looked at the work from the famous artist Romero Britto. As part of the project, the children experimented with the different techniques used by these famous artists and then worked very hard to create their own masterpieces in class. The children really took their time to add every little detail to their artwork. They were all very proud to show off their finished artwork which will be proudly displayed in the hall from September.

Minibeast Workshop

On Monday 29th June, the children in Reception took part in a minibeast workshop in their classroom. The session was run by a company called Zoolab and it was a man called Ollie who came to run the workshop at our school. The class sat on chairs in a circle and Ollie introduced the children to several wonderful creepy crawly creatures. Ollie explained that the children could either hold, stroke or look at each minibeast. The first creature was a giant African land snail and the class could not believe that it was so slimy and had teeth on its tongue! The next minibeast they met was a large beetle. The children were fascinated to learn that it could walk through fire and breath under water. The class were also excited to meet a millipede and were excited by how tickly its legs were when they touched them. The children loved meeting all of the different creatures and enjoying sharing interesting minibeast facts over the rest of the week.
