The Music Centres are run by One Education Music with the support from Arts Council England. Manchester Music Centres give children and young people the chance to explore their creative potential after school, make friends and share the joys of music together all whilst cultivating new musical skills. With a large variety of bands, ensembles and creative workshops to take part in, we ensure every child is given the support they need to grow and achieve their musical potential. Making music with friends is not only a fun and social experience, but often the start of a lifelong passion!
