### Young Climate Warriors

As the Winter Olympics kicks-off in Italy, discussion turns to the carbon emissions of the games, the carbon footprints of the sponsors, and the negative environmental impacts of spectator travel.

Head outside to the park - play football, set up an obstacle course, design a race-track ... drink hot chocolate under a tree, or spot animal prints in the mud ... take time away from our digital devices.

If you would like your child to join in with the Young Climate Warrior Award, please follow this link :<https://www.youngclimateguardians.org/youngclimateguardianssubscribe>

Thank you,

Jeanette Matthews
