## Young Climate Warriors

This week's Young Climate Warriors challenge encourages children to become detectives in their bathroom - to see how many products contain palm oil. It is not always easy to spot - so some clues are provided! Find out which producers are supporting Sustainable Palm Oil - simply zap your supermarket product barcode via this WWF-supported Palm Oil App.

'Sustainable' palm oil production substantially reduces its impact on climate change. It avoids deforestation, avoids drainage of peatlands, and avoids use of fires to clear the land.

If you would like your child to join in with the Young Climate Warrior Award, please follow this link :<https://www.youngclimatewarriors.org/youngclimatewarriorssubscribe>  
Thank you,

Jeanette Matthews
