I am teaching KS2

If you have any questions, please do not hesitate to ask me.

## Young Climate Warriors

Young Climate Warriors are challenged each week to be part of the solution.

This week's challenge encourages families to reduce their household carbon emissions by drawing their curtains at dusk and keeping the heat in!

Drawing your curtains in the morning - letting the sunlight flood in can

Driving, you can turn off the lights, saving the energy, reduce the need to turn on your lights, saving electricity.

This week your challenge is to close your curtains when you're back from school.

When you see it starting to get dark outside - can you stop what you're doing and head off to close your curtains? You'd be helping to keep your home warmer and reduce your heating-related carbon emissions

Once you have completed the challenge hit the red button on the site to log what you have done- small changes with big impacts

### A Guide for Parents on Managing Children's Digital Lives

The Children's Commissioner recently published a new guide, [What I wish my parents or carers knew: A guide for parents on managing children's digital lives](#) to help families support children's safety in our digital world. If you follow the link you will find both a parental guide as well as an activity pack which you may wish to share with your child.

If you have any questions about anything in this newsletter, please do not hesitate to email, call or ask any member of staff,

Thank you,

Jeanette Matthews
