

Entitlements for Religious Education

Religious Education enjoys the same status as other core subjects. A focus in each class celebrates this subject in line with the Way, Truth and Life theme, time of liturgical year or a visit/visitor of significance.

Entitlements for R.E. is about planning to give the children R.E. experiences outside that of the Way the Truth and the Life programme. It is about the children seeing, hearing and feeling their faith, and others, in action. It is designed to “expand” the children’s innate experience and understanding of God and the God centred community.

The Domestic Church (St. Edward’s)

Lenten alms giving for charity
