**THE MOST HOLY  
BODY & BLOOD OF CHRIST: YEAR A**  
Parish Mass Book Page 83, Order of Mass P6,  
The Nicene Creed P11

Jesus gives his whole self to us and invites us to a deep union with him. We often imagine God up in the clouds in heaven looking down at us, maybe distant, maybe is connected. The Eucharist shows us that God is involved in the messiness of human life, present to us in Jesus' body and blood. Bread is nourishing, bread is for life, bread is food for the journey.

Jesus is all of these things for us. His blood is a reminder of his death, of the brokenness of this world, of the struggles of people's lives. Christ invites people to connect their own sufferings with his. Jesus, present with us in all of life, invites us into a deep union with himself.

Flesh and blood means the whole person; 'the living bread' invites us to an even deeper intimacy. It can be a difficult passage to understand, but perhaps today you might reflect on times you felt sustained by God, strengthened by God through joyful times and sorrowful times. You might also reflect on who has been Jesus for you? Where have you seen Christ in this world, in flesh and blood?

## June is the Month of the Sacred Heart

### **A short Act of Consecration to the Sacred Heart**

Sacred Heart of Jesus, filled with infinite love,  
broken by my ingratitude,  
pierced by my sins, yet loving me still,  
accept the consecration which I make to you,  
of all that I am and all that I have.  
Take every faculty of my soul and body,  
and draw me, day by day, nearer and  
nearer to your sacred side:  
There, as I can hear the lesson,  
teach me your blessed ways. **Amen.**

## All Saints Fire Exit –an update.

Following on from my earlier notice about the creation of another fire exit to allow more parishioners to be present at mass than we are currently legally allowed we have had a change of tack. Paul, among others alerted me to the fact the by extending the existing fire exit we can achieve the same thing since there are problems with having a fire exit on the opposite side– the ground outside that area is higher which means we have to put grids in front of the entrance to stop rain water coming in. Additionally as the slope is more than 1 in 20 it complicates putting in a path for wheelchair access/exit. With the proposed changes plans have to be redrawn and we have missed the deadline of 8th June for when the work should start. And in theory, it should be a cheaper option. So... watch this space for a further update.
