

Scremerston First School Weekly Newsletter

22nd November 24

Road Safety Week

We have been learning lots about road safety this week through activities, games and an online Road Safety assembly.

You may have noticed our little 'Parking People', these are designed to help us keep paths and crossings safe for all of our children coming to and leaving school. Please be mindful of where you park your car. Please keep an eye out for children crossing and try to prevent your child/children playing close to the road.

Year 1 and 2 Rockstars

After the success of TT Rockstars in Ash Class, Year 1 and 2 have just started a new version...AS Rockstars, which stands for addition and subtraction rockstars. Each day the children have 1 minute to complete 10 questions based on addition and subtraction facts up to 20. The aim is to try and build on their progress every day to become fluent mathematicians. To support this at home, minute maths and topmarks are great free apps which the children can use to practise the rapid recall of addition and subtraction facts.

Please return any photo orders by Monday 25th November.
