

26TH JUNE 2026

PEEL BROW'S WEEKLY

NEWSLETTER

Mrs Mort's Update

There has been a strong sense of resilience and positivity across the school this week, despite the extreme temperatures. Thank you to parents for your continued support and cooperation in helping us keep pupils safe. It was wonderful to welcome so many families to our EYFS and KS1

Sports Day event, and we appreciate your understanding regarding the cancellation of KS2 Sports Day, where pupil safety remained our priority.

Throughout the week, pupils have enjoyed time in shaded outdoor areas and cooler indoor activities during breaks. We have been particularly impressed with the way children have adapted so sensibly and continued to approach their learning with focus and determination.

Spotlight On: Healthy Lifestyles Week

.Healthy Lifestyles Week has provided a valuable opportunity for pupils to learn about keeping both their bodies and minds healthy, building on the ongoing focus on health and wellbeing embedded across our curriculum.

Throughout the week, children have taken part in Daily Mile walks where possible, alongside Sports Day events for EYFS and KS1. Pupils explored the importance of staying hydrated, understanding sugar content in foods and drinks, and making healthy choices. They have also focused on hygiene routines, including handwashing, teeth brushing and germ prevention. Daily mindfulness activities supported pupils' mental wellbeing, while assemblies celebrated the importance of leading a balanced, active lifestyle.

If you need to speak to a member of staff, please call the school office on 01706 823204 or drop in.

What's been going on in school this week?

This week, pupils across school have continued to show great enthusiasm and engagement in their learning. In the Hive, children have been engaging well in their zoo topic, matching animals to their corresponding skins and exploring their senses through exciting icy water activities, with the ice pops proving particularly popular.

In Ducklings class, children have been developing their maths skills by exploring doubling and impressed staff with their knowledge during an oceans explorer quiz, where they confidently identified a range of sea creatures. In Robins, pupils have worked collaboratively in maths through partner activities, while also learning about deforestation as part of their rainforest topic and producing thoughtful diary writing inspired by Rosa Parks. Kingfishers have been building their understanding of shape in maths, including learning the names of different angles, alongside exploring the changes in Britain during the Roman occupation. In Falcons, pupils have enjoyed a range of group carousel activities to support their writing about the Islamic Golden Age, as well as taking part in fun retrieval tasks to revisit prior learning about the Vikings. Their mornings have also begun positively with calm communication games to support a focused start to the day.

Nursery	100%
Reception	76.5%
Year 1	75%
Year 2	79%
Year 3	67%
Year 4	83%
Year 5	88%
Year 6	78%

With just three weeks left before the summer break, there is still time for pupils to improve their attendance as part of our 1% Better challenge. Every school day and a prompt 8:30am start can make a real difference. Keep up the momentum until the end of term!

SAFEGUARDING UPDATE:

Bedtime Routines

Strong sleep routines are essential for supporting children's wellbeing, concentration and behaviour in school. Warmer weather and lighter evenings can make it harder for children to settle, but maintaining a consistent bedtime routine can help ensure they get the rest they need.

Limiting screen time before bed, keeping bedrooms cool where possible, and sticking to regular sleep times can all support a good night's sleep. Thank you for your support in helping children arrive at school well-rested and ready to learn.

Music genre of the half term: Country

Musician of the week -
Luke Combs

DIARY UPDATES

Non Uniform Day
Thursday 2nd July

Year 6 at Forest School
