

🐝 THE HIVE

Parent Newsletter

Week commencing: 21st September
Welcome to this week's Hive newsletter!

We've had another busy and exciting week in The Hive. Here's a look at what we've been learning, exploring and enjoying together, as well as what's coming up next week.

Our week in pictures

*We love sharing the children's experiences and achievements with you.
Please enjoy these snapshots of life in The Hive!*

What Has Been Happening In The Hive

This Week, We Have Been Exploring Our Senses! 🦋 🍷 🍷

This week, the children have been learning all about their senses, with a particular focus on **smell, taste and hearing**.

We have been busy making our own **sensory shakers**, exploring the different sounds they can make and thinking about what we can hear.

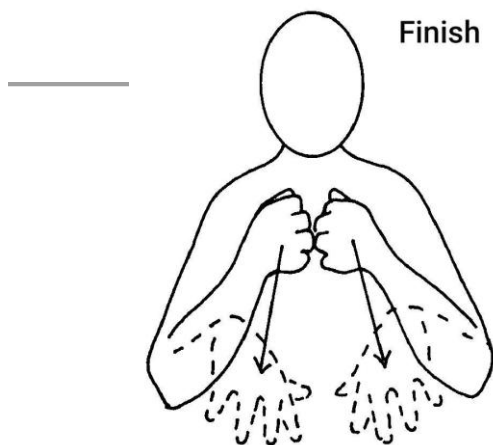

We also enjoyed a **food-tasting activity**, trying a variety of fruits, vegetables and cereals. The children had lots of fun exploring different tastes, textures and smells, and sharing their thoughts about the foods they tried!

It has been a wonderful week of sensory exploration and discovery. ☀️

The children have particularly enjoyed playing with our new resources, including baby dolls and body jigsaws.

Sign of the Week

This Week's Sign: Finish

How to make the sign:

Hands clasped and knuckles together at chest height. Hands move down to waist, and fingers open.

We use Makaton in The Hive to support our verbal communication

Why not practise the sign together at home? Encourage your child to use it during everyday conversations and

What Is Happening Next Week

Next week in The Hive, we will be...

- Exploring our senses
- Touch and See
- Thinking about our emotions

Important Dates

Date	Event Information
