Mrs L Tibbs

Dear Parents and Carers,

We are very excited to tell you that our school is taking part in **The Big Battery Recycle!**

Our amazing Eco Warriors are leading this project to help keep our planet clean and green. We're asking all families to join in by collecting used household batteries and bringing them into school to be safely recycled.

Here's how you can help:

Gather any old or used household batteries (AA, AAA, C, D, button batteries, etc).

Put them in a small bag or container.

Bring them to school and drop them in the Big Battery Recycle Box in the school entrance or reception area.

Every battery recycled helps to protect wildlife, reduce waste, and stop harmful chemicals from going into the ground. It's a simple way for all of us to make a big difference!

Let's see how many batteries our school community can collect together — each week we will give a shout out to the pupils who bring in the most batteries.

Thank you for your continued support and for helping our children make the world a cleaner, greener place.

With many thanks

Mrs Shikotra

and the Eco Warriors
