

Sharp Lane Primary School

Personal, Social, Health Education and Relationships and Sex Education (RSE) Policy

Agreed by Governing Board	May 2025
Review date	May 2026
Responsible for this policy	Rachel Lambert

Context

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

This policy meets the requirements that schools publish a Relationships and Sex Education policy and does this within the wider context of Personal, Social and Health Education.

PSHE

At Sharp Lane Primary School, we teach Personal, Social, Health Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity.

The Jigsaw Programme offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children's learning in this vital curriculum area.

The overview of the programme can be seen on the school website.

This also supports the "Personal Development" and "Behaviour and Attitude" aspects evaluated under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the Government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

Statutory Relationships and Health Education

"The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education...They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education(PSHE) continues to be compulsory in independent schools."

DfE Guidance p.8

"Today's children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way."

"This is why we have made Relationships Education compulsory in all primary schools in England...as well as making Health Education compulsory in all state-funded schools."

"In primary schools, we want the subjects to put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This will sit alongside the essential understanding of how to be healthy."

"These subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others' wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society."

Secretary of State Foreword DfE Guidance 2019 p.4-5

“Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons.”

DfE Guidance p.8

“All schools must have in place a written policy for Relationships Education and RSE.”

DfE Guidance p.11

Here, at Sharp Lane Primary School we value PSHE as one way to support children’s development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

We include the statutory Relationships and Health Education within our whole-school PSHE Programme.

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to children’s needs. The mapping document: Jigsaw 3-11 and statutory Relationships and Health Education, [jigsaw-3-11-and-rshe-overview-map.pdf \(windows.net\)](#), shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education requirements.

This programme’s complimentary update policy ensures we are always using the most up to date teaching materials and that our teachers are well-supported.

Our PSHE policy is informed by existing DfE guidance:

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE. [pshe-association-programme-of-study-2020-map.pdf](#)

What do we teach when and who teaches it?

Whole-school approach

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
Autumn 1:	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Autumn 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding
Spring 1:	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Spring 2:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Summer 1:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Summer 2:	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

At Sharp Lane Primary School we allocate one lesson per week to PSHE each week in order to teach the PSHE knowledge and skills in a developmental and age-appropriate way.

These explicit lessons are reinforced and enhanced in many ways:

Assemblies and collective worship, praise and reward system (Track-it), Learning Charter, through relationships child to child, adult to child and adult to adult across the school. We aim to 'live' what is learnt and apply it to everyday situations in the school community.

Class teachers deliver the weekly lessons to their own classes.

Relationships Education

What does the DfE statutory guidance on Relationships Education expect children to know by the time they leave primary school?

Relationships Education in primary schools will cover 'Families and people who care for me', 'Caring friendships', 'Respectful relationships', 'Online relationships', and 'Being safe'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Relationships Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in Jigsaw e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

Health Education

What does the DfE statutory guidance on Health Education expect children to know by the time they leave primary school?

Health Education in primary schools will cover 'Mental wellbeing', 'Internet safety and harms', 'Physical health and fitness', 'Healthy eating', 'Drugs, alcohol and tobacco', 'Health and prevention', 'Basic First Aid', 'Changing adolescent body'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Healthy Me Puzzle (unit) in Jigsaw covers most of the statutory Health Education, some of the outcomes are taught elsewhere in Jigsaw e.g. emotional and mental health is nurtured every lesson through the Calm me time, social skills are grown every lesson through the Connect us activity and respect is enhanced through the use of the Jigsaw Charter.

Also, teaching children about puberty is now a statutory requirement which sits within the Health Education part of the DfE guidance within the 'Changing adolescent body' strand, and in Jigsaw this is taught as part of the Changing Me Puzzle (unit).

Again, the mapping document transparently shows how the Jigsaw whole-school approach spirals the learning and meets all statutory requirements and more.

Sex Education

The DfE Guidance 2019 (p.23) recommends that all primary schools 'have a sex education programme tailored to the age and the physical and emotional maturity of the pupils.

However, 'Sex Education is not compulsory in primary schools'. (p. 23)

Schools are to determine the content of sex education at primary school. Sex education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born'.

At Sharp Lane Primary School, we believe children should understand the facts about human reproduction before they leave primary.

Relationships and Sex Education is learning about the emotional, social and physical aspects of growing up, relationships, sex, human sexuality and sexual health. Some aspects are taught in science, and others are taught as part of personal, social, health and economic education (PSHE).

A comprehensive programme of RSE provides accurate information about the body, reproduction, sex, and sexual health. It also gives children and young people essential skills for building positive, enjoyable, respectful and non-exploitative relationships and staying safe both on and offline.

The principles of high quality RSE in our school

Relationships and Sex Education:

- Is a partnership between home and school.
- Ensures pupils' views are actively sought to influence lesson planning and teaching.
- Starts early and is relevant to pupils at each stage in their development and maturity.
- Is taught by people who are trained and confident in talking about issues such as healthy and unhealthy relationships, equality, pleasure, respect, abuse, sexuality, gender identity, sex and consent.
- Includes the acquisition of knowledge, the development of life skills and respectful attitudes and values.
- Has sufficient time to cover a wide range of topics, with a strong emphasis on relationships, consent, rights, responsibilities to others, negotiation and communication skills, and accessing services.
- Helps pupils understand on and offline safety, consent, violence and exploitation.
- Is both medically and factually correct and treats sex as a normal and pleasurable fact of life.
- Is inclusive of difference: gender identity, sexual orientation, special educational needs and disability, ethnicity, culture, age, faith or belief, or other life experience.
- Uses active learning methods, and is rigorously planned, assessed and evaluated.
- Helps pupils understand a range of views and beliefs about relationships and sex in society which may differ to their own.
- Teaches pupils about the law and their rights to confidentiality even if they are under 16, and is linked to school-based and community health services and organisations.
- Promotes equality in relationships, recognises and challenges gender inequality and reflects girls' and boys' different experiences and needs.

Overall school aims for RSE

Our approach to RSE consists of a comprehensive and developmental programme of teaching and learning, which is delivered in the context of a Healthy School where the health and wellbeing of pupils and the whole school community are actively promoted. Our RSE programme has a positive influence on the ethos, learning and relationships throughout the school. It is central to our values and to achieving our school's stated aims and objectives. Our RSE programme helps pupils to develop the knowledge, understanding, skills and attitudes they need to live confident, healthy, independent lives now and in the future.

Through the provision outlined in this policy, the school's overall aims of RSE are to teach and develop the following three main elements:

Attitudes and values:

- Learn the importance of values and individual conscience and moral considerations.
- Learn the value of family life, marriage, and stable and loving relationships for the nurture of children.
- Learn the value of respect, love and care.
- Explore, consider and understand moral dilemmas.
- Develop critical thinking as part of decision-making.

Personal and social skills:

- Learn to manage emotions and relationships confidently and sensitively.
- Develop self-respect and empathy for others.
- Learn to make choices based on an understanding of difference and with an absence of prejudice.
- Develop an appreciation of the consequences of choices made.
- Manage conflict.
- Learn how to recognise and avoid exploitation and abuse.

Knowledge and understanding:

- Learn and understand physical development at appropriate stages.
- Understand human sexuality, reproduction, sexual health, emotions and relationships.
- Learn about contraception and the range of local and national sexual health advice, contraception and support services.
- Learn the reasons for delaying sexual activity, and the benefits to be gained from such delay, including the avoidance of unplanned pregnancy.

Sex and Relationships Education Guidance DfE

In addition to this, we also aim to:

- Raise pupils' self-esteem and confidence.
- Develop communication and assertiveness skills that can help them stay true to their values if challenged by others, their peers or what they see in the media.
- Teach pupils to be accepting of the different beliefs, cultures, religions, sexual orientations, gender identity, physical and mental abilities, backgrounds and values of those around them.
- Support pupils to lead a healthy and safe lifestyle, teaching them to care for, and respect their bodies.

- Provide pupils with the right tools to enable them to seek information or support, should they need it.
- Teach pupils about consent and their right to say no, in an age appropriate manner.
- To teach lessons that are sensitive to a range of views, values and beliefs.
- Ensure that staff teaching RSE remain neutral in their delivery whilst ensuring that pupils always have access to the learning they need to stay safe, healthy and understand their rights as individuals.

The aim of RSE is NOT to:

- Encourage pupils to become sexually active at a young age.
- Promote a particular sexual orientation or gender identity.
- Sexualise children.

The wider context of RSE

The school's RSE programme will:

- Be an entitlement for all pupils, including those with additional learning and language needs.
- Be an integral part of the lifelong learning process, beginning in early childhood and continuing into adult life.
- Be set within the wider school context and support family commitment and love, respect and affection, knowledge and openness.
- Recognise that family is a broad concept; not just one model, e.g. nuclear family.
- Encourage pupils and teachers to share and respect each other's views with cultural awareness and sensitivity.
- Ensure pupils are aware of different approaches to sexual orientation, without promotion of any particular family structure.
- Recognise that parents/carers are the key people in teaching their children about relationships, sex and growing up.
- Work in partnership with parents/carers and pupils, consulting them about the content of programme.
- Work in partnership with other health professionals and the wider community.

RSE contributes to:

- A positive ethos and environment for learning.
- Safeguarding pupils (Children Act 2004), promoting their emotional wellbeing, and improving their ability to achieve in school.
- A better understanding of diversity and inclusion, a reduction in gender-based and homophobic, biphobic, transphobic (HBT) prejudice, bullying and violence and an understanding of the difference between consenting and exploitative relationships.
- Helping pupils keep themselves safe from harm, both on and offline, enjoy their relationships and build confidence in accessing services if they need help and advice.
- Reducing early sexual activity, teenage conceptions, sexually transmitted infections, sexual exploitation and abuse, domestic violence and bullying.

Key rights and responsibilities for Relationships and Sex Education

The policy applies
to:

The Headteacher

- All school staff
- The Governing Board
- Pupils
- Parents/carers
- School nurse and other health professionals
- Partner agencies working in or with the school

The Headteacher or other members of Senior Leadership Team (SLT) are responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory components of RSE

RSE curriculum content by year group

These lessons are taught through the 'Changing Me' unit in Summer 2

School Year group	Piece (lesson) Number and Name	Learning Intentions relating to Puberty and Human Reproduction
Ages 3-4 Nursery	Piece 1- My Body	<ul style="list-style-type: none"> I can name parts of my body and show respect for myself
	Piece 3 Growing Up	<ul style="list-style-type: none"> I understand that we all start as babies and grow into children and then adults
	Piece 4 Growth and Change	<ul style="list-style-type: none"> I know that I grow and change
Ages 4-5 Reception	Piece 1- My Body	<ul style="list-style-type: none"> I can name parts of the body.
	Piece 3 – Growing Up	<ul style="list-style-type: none"> I understand that we all grow from babies to adults.
Ages 5-6 Year 1	Piece 1 Life Cycles	<ul style="list-style-type: none"> I am starting to understand the life cycles of animals and humans I understand that changes happen as we grow and that this is OK
	Piece 2 Changing Me	<ul style="list-style-type: none"> I can tell you some things about me that have changed and some things about me that have stayed the same I know that changes are OK and that sometimes they
	Piece 3 My Changing Body	<ul style="list-style-type: none"> I can tell you how my body has changed since I was a baby I understand that growing up is natural and that everybody grows at different rates
	Piece 4 Boys' and Girls' Bodies	<ul style="list-style-type: none"> I can identify the parts of the body that make boys different to girls and can use the correct names for these: penis, testicles, vagina, vulva, anus I respect my body and understand which parts are private
Ages 6-7 Year 2	Piece 1 Life Cycles in Nature	<ul style="list-style-type: none"> I can recognise cycles of life in nature I understand there are some changes that are outside my control and can recognise how I feel about this
	Piece 2 Growing from Young to Old	<ul style="list-style-type: none"> I can tell you about the natural process of growing from young to old and understand that this is not in my control I can identify people I respect who are older than me
	Piece 3	<ul style="list-style-type: none"> I can recognise how my body has changed since I was a baby and where I am on the continuum from young to old

	The Changing Me	<ul style="list-style-type: none"> I feel proud about becoming more independent
	Piece 4 Boys' and Girls' Bodies	<ul style="list-style-type: none"> I can recognise the physical differences between boys and girls, use the correct names for parts of the body (penis, testicles, vulva, anus, breast, nipples) and appreciate that some parts of the body are private I can tell you what they like/don't like about being a boy/girl
Ages 7-8 Year 3	Piece 1 How Babies Grow	<ul style="list-style-type: none"> I understand that in animals and humans lots of changes happen from birth to fully grown, and that usually it is the female who has the baby I can express how I feel when they see babies or baby animals
	Piece 2 Babies	<ul style="list-style-type: none"> I understand how babies grow and develop in the mother's uterus and understand what a baby needs to live and grow (New vocab – uterus /womb) I can express how I might feel if they had a new baby in their family
	Piece 3 Outside Body Changes	<ul style="list-style-type: none"> I understand that boys' and girls' bodies need to change so that when they grow up their bodies can make babies I can identify how boys' and girls' bodies change on the outside during this growing up process (introduce term puberty)
	Piece 4 Inside Body Changes	<ul style="list-style-type: none"> I can identify how boys' and girls' bodies change on the inside during the growing up process and why these changes are necessary so that their bodies can make babies when they grow up (introduce vocab sperm, ovaries, egg, Ovum/ Ova, womb/uterus, vagina and period) I can recognise how I feel about these changes happening to me and know how to cope with these feelings <p>Note – this lesson briefly introduces the term 'period' and explains what a period is in simple terms.</p> <p>This lesson does not attempt any explanation of how the sperm and egg come together. If a child asks the question we will explain that the male and female decide when this happens and we will learn more about it at another time.</p>
Ages 8-9 Year 4	Piece 1 Unique Me	<ul style="list-style-type: none"> I understand that some of my personal characteristics have come from my birth parents and that this happens because I am made from the joining of their egg and sperm. I appreciate that I am a truly unique human being
	Piece 2 Having A Baby (Alternative lesson – this does not teach about human reproduction)	<ul style="list-style-type: none"> I understand what responsibilities there are in parenthood and the joy it can bring I can consider what has influenced my life and what might influence the lives of other people
	Piece 3 Puberty and Menstruation	<ul style="list-style-type: none"> I can describe how a girl's body changes in order for her to be able to have babies when she is an adult, and that menstruation (having periods) is a natural part of this I have strategies to help me cope with the physical and emotional changes I will experience during puberty <p>Note – teachers will also recap the puberty learning for both girls and boys from year 3 and revisit some of the content if required.</p>

Age 9-10 Year 5	Piece 2 Puberty for Girls	<ul style="list-style-type: none"> • I can explain how girls' bodies change during puberty and understand the importance of looking after themselves physically and emotionally • I understand that puberty is a natural process that happens to everybody and that it will be OK for me
	Piece 3 Puberty for Boys	<ul style="list-style-type: none"> • I can describe how boys' and girls' bodies change during puberty • I can express how I feel about the changes that will happen to me during puberty
	Piece 4 Conception Parents have the right to withdraw children from this session as it is classed as human reproduction.	<ul style="list-style-type: none"> • I understand that sexual intercourse can lead to conception and that is how babies are usually made. I also understand that sometimes people need IVF to help them have a baby • I appreciate how amazing it is that human bodies can reproduce in these ways
Age 10-11 Year 6	Piece 2 Puberty	<ul style="list-style-type: none"> • I can explain how girls' and boys' bodies change during puberty and understand the importance of looking after yourself physically and emotionally • I can express how I feel about the changes that will happen to me during puberty
	Piece 3 Babies – Conception to Birth Parents have the right to withdraw children from this session as it is classed as human reproduction.	<ul style="list-style-type: none"> • I can describe how a baby develops from conception through the nine months of pregnancy, and how it is born • I recognise how I feel when I reflect on the development and birth of a baby
	Piece 4 Attraction	<ul style="list-style-type: none"> • I understand how being physically attracted to someone changes the nature of the relationship • I can express how they feel about the growing independence of becoming a teenager and their confidence that they can cope with this

Respectful Language

The use of respectful language which challenges sexism, homophobia and other forms of prejudice will be established in RSE but will have benefits for the whole school community, both

in and out of lessons; it helps to ensure we are a happy and healthy place to learn. Ofsted found that casual use of homophobic language in schools is often unchallenged (2013) – we always challenge it. The casual use of homophobic, biphobic and transphobic language in school will be challenged and pupils will be made aware that using the word ‘gay’ to mean something is rubbish is wrong and will not be tolerated. To tackle this, staff might say: ‘you’ve used the word ‘gay’, but not in the right way.’

As a result, pupils will hear references to, for example, ‘gay,’ ‘straight’ and different kinds of relationships as part of teaching and assemblies, for example when we talk about rights, respect or relationships.

Answering questions

We acknowledge that potentially sensitive or controversial issues will arise as pupils will naturally share information and ask questions. ‘They will often ask their teachers or other adults questions pertaining to sex or sexuality which go beyond what’s set of for Relationships Education. We also acknowledge that children of the same age may be developmentally at different stages leading to differing types of questions or behaviours.’

When spontaneous discussions arise, it is guided in a way that reflects the stated school aims and curriculum content for RSE. As a first principle, we answer questions relating to taught, planned curriculum for that age group to the whole class. We answer questions, where appropriate, relating to areas beyond the taught, planned curriculum for that age group, in a sensitive and age appropriate way, only to the pupil or pupils who have asked the question. If a member of staff is uncertain about the answer to a question, or indeed whether they should answer it, they will seek guidance from the RSE leader/Child Protection Officer. Questions may be referred to parents/carers if it is not appropriate to answer them in school. We will also use a question box where questions may be asked anonymously.

When answering questions, we ensure that sharing personal information by adults, pupils or their families is discouraged. Where a question or comment from a pupil in the classroom indicates the possibilities of abuse or risk of harm, teachers will pass this information to the designated person for safeguarding and child protection, in line with school policy and procedures.

Staff training will include sessions on how to deal with difficult questions. Agreed phrases, where appropriate, will be used in response to difficult questions. Phrases we will use are: [‘I can only answer question on the content of this lesson’ or ‘That is something that may be covered later on’ or ‘I can’t answer that question, but you could ask your parents/carers’]

Ground rules are essential when discussing sensitive subject matters. Staff will establish clear parameters about what is appropriate and inappropriate in a whole-class setting by for example:

- Staff will set the tone by speaking in a matter-of-fact way.
- Pupils will be encouraged to write down questions, anonymously if desired, and post them in a question box or ask-it basket.
- Staff will have time to prepare answers to all questions before the next session, and will choose not to respond in a whole-class setting to any questions that are inappropriate or need one-to-one follow up.
- If a verbal question is too personal, staff will remind the pupils of the ground rules.
- If a question is too explicit, feels too old for a pupil, is inappropriate for the whole class, or raises concerns, staff will acknowledge it and promise to attend to it later on an individual basis.

- Staff will not provide more information than is appropriate to the age/developmental level of the pupil.
- If staff are concerned that a pupil is at risk of abuse, the designated teacher will be informed and the usual child protection procedures followed.

The right to withdraw

Parents/carers cannot withdraw their child from the statutory sex education content included in National Curriculum for Science which includes content on human development, including reproduction. Parents/carers also cannot withdraw their child from Relationships Education or Health Education because it is important that all children receive this content, covering topics such as friendships, how to stay safe and puberty. However, they do have the right to request that their child be withdrawn from some or all of sex education delivered as part of the non-statutory RSE, delivered as part of the PSHE curriculum.

Requests for withdrawal should be put in writing to the Headteacher. Before granting any such request, the Headteacher will discuss this request with parents/carers and, as appropriate, with the child to ensure that their wishes are understood and to clarify the nature and purpose of the curriculum. This process will be documented to ensure a record is kept.

The Headteacher will also discuss with parents/carers the benefits of receiving this important education and any detrimental effects that withdrawal might have on the child. This will include any social and emotional effects of being excluded, as well as the likelihood of the child hearing their peers' version of what was said in the classes, rather than what was directly said by the teacher. If a pupil is withdrawn from the RSE sessions, they will no doubt hear about the content of sessions from other pupils and this may not be in a supportive, controlled or safe environment, like the classroom would be. They may also seek out their own information via the internet, which may result in them finding out incorrect information and possibly put them in an unsafe situation. Pupils may also be stigmatised for not being included in these sessions.

RSE is a vital part of the school curriculum and supports child development and we strongly advise parents/carers to carefully consider their decision before withdrawing their child from this aspect of school life. It is acknowledged however that the final decision on the issue is for the parents/carers to take and the child and family should not be stigmatised for the decision.

The school provides an information leaflet to parents/carers to provide further information on understanding Relationships Education. Support materials for home use will be offered. The school's arrangements for pupils withdrawn from RSE will be discussed on an individual basis and alternative arrangements for learning during this session will be arranged.

Monitoring and Review

The Curriculum Committee of the governing body monitors this policy on an annual basis. This committee reports its findings and recommendations to the full governing body, as necessary, if the policy needs modification. The Curriculum Committee gives serious consideration to any comments from parents about the PSHE (RSHE) programme, and makes a record of all such comments. Governors scrutinise and ratify teaching materials to check they are in accordance with the school's ethos.

Equality

This policy will inform the school's Equalities Plan.

The DfE Guidance 2019 (p. 15) states, "Schools should ensure that the needs of all pupils are appropriately met, and that all pupils understand the importance of equality and respect. Schools must ensure they comply with the relevant provisions of the Equality Act 2010 under which sexual orientation and gender reassignment are amongst the protected characteristics...

At the point at which schools consider it appropriate to teach their pupils about LGBT (Lesbian, Gay, Bisexual, Transgender), they should ensure this content is fully integrated into their programmes of study for this area of the curriculum rather than delivered as a stand-alone unit or lesson. Schools are free to determine how they do this, and we expect all pupils to have been taught LGBT content at a timely point as part of this area of the curriculum".

At Sharp Lane Primary School, we promote respect for all and value every individual child. We also respect the right of our children, their families and our staff, to hold beliefs, religious or otherwise, and understand that sometimes these may be in tension with our approach to some aspects of Relationships, Health and Sex Education.

For further explanation as to how we approach LGBT relationships in the PSHE (RSHE) Programme please see:

'Including and valuing all children. What does Jigsaw teach about LGBTQ relationships?'

Jigsaw PSHE supplementary documents needed to explain this policy:

- Jigsaw 3-11 and statutory Relationships and Health Education (mapping document) [jigsaw-3-11-and-rshe-overview-map.pdf \(windows.net\)](#)
- Including and valuing all children. What does Jigsaw teach about LGBT+ relationships? [rshe-a-guide-for-parents-and-carers-leaflet-2020.pdf \(windows.net\)](#)

Special Educational Needs and Disabilities (SEND):

RSE helps all pupils understand their physical and emotional development and enable them to make positive decisions in their lives. We ensure that all pupils receive RSE and we offer provision appropriate to the particular needs of our pupils, taking specialist advice where necessary. Staff will differentiate lessons to ensure that all members of the class can access the information fully. The school will use a variety of different strategies to ensure that all pupils have access to the same information.

Some pupils will be more vulnerable to abuse and exploitation than their peers, and others may be confused about what is acceptable public behaviour. These pupils will need help to develop skills to reduce the risks of being abused and exploited, and to learn what sorts of behaviour are, and are not, acceptable.

Where a pupil is receiving SEN support, schools should talk to parents regularly to set clear outcomes and review progress towards them, discuss the activities and support that will help achieve them, and identify the responsibilities of the parent, the pupil and the school. Schools should meet parents at least three times each year.

These discussions can build confidence in the actions being taken by the school, but they can also strengthen the impact of SEN support by increasing parental engagement in the approaches and teaching strategies that are being used. Finally, they can provide essential information on the impact of SEN support outside school and any changes in the pupil's needs.

SEND Code of Practice: 0 – 25 years, 2014

Lesbian, Gay, Bisexual, Transgender, Queer, Questioning and Plus (LGBTQ+):

We have a clear duty under the Equality Act 2010 to ensure that our teaching is accessible to all pupils, including those who are lesbian, gay, bisexual, transgender or + (LGBTQ+). Inclusive RSE will foster good relations between pupils, tackle all types of prejudice, including homophobia, and promote understanding and respect, enabling us to meet the requirements, and live the intended spirit, of the Equality Act 2010.

We will deal sensitively and honestly with issues of sexual orientation and identity, answer appropriate questions and offer support. Pupils, whatever their developing sexuality or identity, need to feel that RSE is relevant to them. Teachers will never assume that all intimate relationships are between opposite sexes. Information will be inclusive and will include LGBT people in stories, scenarios and role-plays. We will ensure all pupils can explore topics from a different gender's point of view, and a variety of activities, including practical tasks, discussions, group activities and competitions. We will also ensure that our teaching is sensitive and age appropriate in approach and content.

Pupils who are new to English

The school will take into account the language skills of individual pupils, ensuring that all pupils have equal access to the RSE provision and resources.

Safeguarding and Child Protection

Through Relationships Education (and RSE), we will teach pupils the knowledge they need to recognise and to report abuse, including emotional, physical and sexual abuse. This will be delivered by focusing on boundaries and privacy, ensuring young people understand that they have rights over their own bodies. This will also include understanding boundaries in friendships with peers and also in families and with others, in all contexts, including online.

Pupils will be taught how to report concerns and seek advice when they suspect or know that something is wrong. At all stages it will be important to balance teaching children about making sensible decisions to stay safe (including online) whilst being clear it is never the fault of a child who is abused and why victim blaming is always wrong. These subjects complement Health Education and as part of a comprehensive programme and whole.

Children have the right to:

- Say no.
- Respect their own body.
- Speak out and know that someone can help.

When teaching any sensitive issue young people may give cause for concern. All adults are aware of our safeguarding arrangements and procedures. If the school has any reason to believe a pupil is at risk, advice from Leeds Child Protection Team will be sought.

We recognise that children are capable of abusing their peers and that peer on peer abuse can manifest in many different ways, including on-line bullying, sharing inappropriate images, initiation/hazing (an activity expected of someone joining or participating in a group that humiliates,

degrades, abuses or endangers them, regardless of a person's willingness to participate) and inappropriate/harmful sexual behaviours.

Our use of the anatomical terms for body parts helps to ensure that children are able to describe abusive behaviours if they need to.

Ground rules at the start of sessions help to establish and maintain a safe learning environment; this is important for good learning to take place, and also contributes to effective safeguarding.

Confidentiality in the context of RSE lessons

The nature of RSE means that pupils may disclose personal information that staff will respond to appropriately. The classroom is never a confidential place to talk, and that remains true in RSE. Pupils will be reminded that lessons are not a place to discuss their personal experiences and issues, or to ask others to do so, through the establishment of ground rules. Any visitor to the classroom will be bound by the school's policy on confidentiality, regardless of whether they have, or their organisation has, a different policy. We will make sure visitors are aware of this, and make sure there are enough opportunities for pupils to access confidential support after the lesson if they need it.

Any information disclosed to a staff member or other responsible adult, which causes concern about the child's safety, will be communicated to the designated person as soon as possible and always within 24 hours, in line with our safeguarding and child protection policy.

If a pupil tells a health professional, such as the school nurse, something personal on a one-to-one basis outside of the classroom, our school's confidentiality policy will help us to decide whether that person can keep that information confidential, or whether they need to seek help, advice, or refer to someone else. We will also signpost pupils and their families, where appropriate, to on and offline community, health and counselling services so pupils know where to go for confidential help and advice.

Techniques used in school to minimise the chance of pupils making a disclosure in an RSE lesson include:

- Depersonalising discussion
- Puppets
- Using role play to 'act out' scenarios
Appropriate DVDs and TV extracts
- Case studies with invented characters
- Visits to/from outside agencies

Should a child disclose that they are questioning their sexual orientation and identity, school will encourage the child to speak openly with their parents at home. However, following guidance from Barnardos, school will not pass this information on to parents/carers.

Support

We hope that pupils will feel safe in the school environment to talk to any member of staff in confidence about any areas of concern regarding their personal, social or emotional development, including matters raised by, or relating to, RSE. We promote the school ethos as

one of inclusion and acceptance throughout all areas of school activity and hope that pupils respond to this by feeling comfortable to ask questions and continue their learning both in and outside of the classroom.

Advice and treatment

There is no reason for staff to expect to be made aware of a pupil or colleague's HIV or hepatitis status, and no person will be discriminated against because of this if there is a disclosure of this type of information.

The school's **first aid policy** covers protection for all school members against infection from bloodborne viruses.

Complaints

Parents/carers who have complaints or concerns regarding the RSE provision should contact the school and follow the school's complaints policy.

Relationships Education in Primary schools (Appendix) – DfE Guidance 2019

The focus in primary school should be on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults. The references R3/H5 etc can be cross-referenced on the Jigsaw mapping documents and Puzzle Maps to show which lessons throughout Jigsaw contribute to which statutory outcomes. All statutory outcomes are covered in the Jigsaw 3-11 Programme.

The guidance states that, by the end of primary school:

	Pupils should know...	How Jigsaw provides the solution
Families and people who care for me	<ul style="list-style-type: none"> • R1 that families are important for children growing up because they can give love, security and stability. • R2 the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives. • R3 that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care. • R4 that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up. • R5 that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong (Marriage in England and Wales is available to both opposite sex and same sex couples. The Marriage (Same Sex Couples) Act 2013 extended marriage to same sex couples in England and Wales. The ceremony through which a couple get married may be civil or religious). • R6 how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference • Being Me in My World

Caring friendships	<ul style="list-style-type: none"> • R7 how important friendships are in making us feel happy and secure, and how people choose and make friends • R8 the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties • R9 that healthy friendships are positive and welcoming towards others and do not make others feel lonely or excluded • R10 that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right • R11 how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help and advice from others, if needed 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Being Me in My World • Celebrating Difference • Relationships
Respectful relationships	<ul style="list-style-type: none"> • R12 the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs • R13 practical steps they can take in a range of different contexts to improve or support respectful relationships • R14 the conventions of courtesy and manners • R15 the importance of self-respect and how this links to their own happiness • R16 that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority • R17 about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help • R18 what a stereotype is, and how stereotypes can be unfair, negative or destructive • R19 the importance of permission-seeking and giving in relationships with friends, peers and adults 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Being Me in My World • Celebrating Difference • Dreams and Goals • Healthy Me • Relationships • Changing Me
Online relationships	<ul style="list-style-type: none"> • R20 that people sometimes behave differently online, including by pretending to be someone they are not. • R21 that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships

	<ul style="list-style-type: none"> • R22 the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them. • R23 how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met. • R24 how information and data is shared and used online. 	<ul style="list-style-type: none"> • Changing Me • Celebrating Difference
Being safe	<ul style="list-style-type: none"> • R25 what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context). • R26 about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe. • R27 that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact. • R28 how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know. • R29 how to recognise and report feelings of being unsafe or feeling bad about any adult. • R30 how to ask for advice or help for themselves or others, and to keep trying until they are heard, • R31 how to report concerns or abuse, and the vocabulary and confidence needed to do so. • R32 where to get advice e.g. family, school and/or other sources. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Changing Me • Celebrating Difference

Physical health and mental well-being education in Primary schools – DfE Guidance

The focus in primary school should be on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental well-being is a normal part of daily life, in the same way as physical health.

By the end of primary school:

	Pupils should know	How Jigsaw provides the solution
Mental wellbeing	<ul style="list-style-type: none">• H1 that mental wellbeing is a normal part of daily life, in the same way as physical health.• H2 that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations.• H3 how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings.• H4 how to judge whether what they are feeling and how they are behaving is appropriate and proportionate.• H5 the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness.• H6 simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests.• H7 isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support.• H8 that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being.• H9 where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental well-being or ability to control their emotions (including issues arising online).	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none">• Healthy Me• Relationships• Changing Me• Celebrating Difference

	<ul style="list-style-type: none"> • H10 it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough. 	
Internet safety and harms	<ul style="list-style-type: none"> • H11 that for most people the internet is an integral part of life and has many benefits. • H12 about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing. • H13 how to consider the effect of their online actions on others and knowhow to recognise and display respectful behaviour online and the importance of keeping personal information private. • H14 why social media, some computer games and online gaming, for example, are age restricted. • H15 that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health. • H16 how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted. • H17 where and how to report concerns and get support with issues online. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Relationships • Healthy Me
Physical health and fitness	<ul style="list-style-type: none"> • H18 the characteristics and mental and physical benefits of an active lifestyle. • H19 the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise. • H20 the risks associated with an inactive lifestyle (including obesity). • H21 how and when to seek support including which adults to speak to in school if they are worried about their health. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Healthy eating	<ul style="list-style-type: none"> • H22 what constitutes a healthy diet (including understanding calories and other nutritional content). 	<p>All of these aspects are covered in lessons within the Puzzles</p>

	<ul style="list-style-type: none"> • H23 the principles of planning and preparing a range of healthy meals. • H24 the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health). 	<ul style="list-style-type: none"> • Healthy Me
Drugs, alcohol and tobacco	<ul style="list-style-type: none"> • H25 the facts about legal and illegal harmful substances and associated risks, including smoking, alcohol use and drug-taking 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Health and prevention	<ul style="list-style-type: none"> • H26 how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body. • H27 about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer. • H28 the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn. • H29 about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist. • H30 about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing. • H31 the facts and science relating to immunisation and vaccination 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Basic first aid	<ul style="list-style-type: none"> • H32 how to make a clear and efficient call to emergency services if necessary. • H33 concepts of basic first-aid, for example dealing with common injuries, including head injuries. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Healthy Me
Changing adolescent body	<ul style="list-style-type: none"> • H34 key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes. • H35 about menstrual wellbeing including the key facts about the menstrual cycle. 	<p>All of these aspects are covered in lessons within the Puzzles</p> <ul style="list-style-type: none"> • Changing Me • Healthy Me
