Website Photography and Drone Filming – Wednesday 17 June

Dear Parents and Carers,

On Wednesday 17 June, we will be welcoming a professional photographer and drone operator to school to capture new photographs and video footage for use on our school website and other promotional materials.

Children who have permission to appear in website photographs may be featured in these images and videos. Children who do not have website photo permissions will not be included in any identifiable photographs or video recordings.

If your child currently has website photo permission but you would prefer that they are not featured in any photographs or video footage taken on this occasion, please contact the school office as soon as possible.

Please note that all children may be visible in some long-distance aerial drone footage of the school grounds. However, these images will be taken from a height and distance that means individual children will not be identifiable.

If you have any questions, please contact the school office.

Thank you for your support.

Yours sincerely,

The Office Team
