Wales Residential Trip

Our residential to Wales is a three-day, two-night adventure designed to develop confidence, resilience, teamwork, and independence through a range of exciting outdoor activities.

During the trip, students will experience:

- A guided walk in Snowdonia (Eryri)
- Kayaking
- A day at the beach
- Team-building and outdoor learning activities

All activities are led by experienced staff and instructors, with safety being our highest priority. Students will be encouraged to challenge themselves and support one another.

Mobile Phones and Tablets

Students are welcome to bring a mobile phone or tablet for personal use during free time. Devices must be used responsibly and in line with staff instructions. The school cannot accept responsibility for any loss or damage to personal electronic devices.

Spending money

Students may bring their own spending money or bank card if they wish.

Yours sincerely,

Mr C Daniels

Green Care Lead, VASE Academy
