

PARENT INFORMATION

Further Details Re: Altus Community Project

19 May 2025

Dear parents, carers and the wider community,

We have written this letter and prepared an informative document to ensure that accurate information is available for all stakeholders. We would like to thank those community members who have raised questions and highlighted areas where information was unclear through the appropriate channels so that your views could be considered.

Firstly, we would like to acknowledge and apologise that the initial information we shared did not include as much detail as some community members would have liked. This gap allowed space for confusion and worry, for which we sincerely apologise.

We would also like to clarify that the project is not a merger, federation or joining of the two schools in any way, nor does the project include any changes to how either school functions. The project is a rental agreement, similar to that of other education settings or community groups who have leased the Community Cabin at Andoversford Primary School.

We also look forward to welcoming you to the planned meeting at 4:30 pm on Wednesday 21st May where we can discuss the project in more detail. We welcome all voices and hope that whatever your views you feel you can share these.

Best wishes

Rachel Bradley-McKay
Headteacher
Andoversford Primary School

B. Townend Jowitt

Bretta Townend Jowitt
Chair of Governors
Andoversford Primary School
