

## King's Gate Primary School

### Relationships & Sex Education RSE

---

#### Aims

The aims of relationships and sex education (RSE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

#### Statutory Requirements

As a primary academy school we must provide relationships education to all pupils as per section 34 of the [Children and Social work act 2017](#).

We do not have to follow the National Curriculum but we are expected to offer all pupils a curriculum that is similar to the National Curriculum including requirements to teach science which would include the elements of sex education contained in the science curriculum.

In teaching RSE, we are required by our funding agreements to have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

At King's Gate Primary School, we teach RSE as set out in this policy.

#### Policy Development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – staff pulled together all relevant information including relevant national and local guidance
2. Staff consultation – all school staff were given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder consultation – parents and any interested parties were invited to send comments about the policy via email (due to the Covid-19 virus and school closure)
4. Ratification – once amendments were made, the policy was shared with governors and ratified

## **Definition**

RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity.

RSE involves a combination of sharing information, and exploring issues and values.

RSE is not about the promotion of sexual activity.

## **Curriculum**

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary. We use Jigsaw PSHE alongside resources from and Kapow Well-being when they are appropriate. For Online Safety and Relationship work, we use Project Evolve- this is mapped out on a preview document for children in Year 1 to 6.

In Early Years Foundation Stage 2, RSE is taught through PSHE, Jigsaw, Kapow Well-being and other appropriate resources. The themes covered are the same as in Years 1 to 6.

We have developed the curriculum in consultation with parents, pupils and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and don't seek answers online.

Primary sex education will focus on:

- Preparing boys and girls for the changes that adolescence brings
- How a baby is conceived and born

For more information about our curriculum, see Appendix 1.

## **Delivery of RSE**

RSE is taught within the personal, social, health and economic (PSHE) education curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE).

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

For more information about our RSE curriculum, see Appendix 1.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBTQ+ parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

## **Roles and Responsibilities**

### **Governing Body**

The governing body will approve the RSE policy and hold the head teacher to account for its implementation.

### **Head of School**

The Head of School is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory/non-science components of RSE.

### **Staff**

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory/non-science components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the head teacher.

### **Pupils**

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

### **Parent/ Carer Right to Withdraw Child**

Parents do not have the right to withdraw their children from relationships education.

Parents have the right to withdraw their children from the non-statutory/non-science components of sex education within RSE.

Requests for withdrawal should be put in writing using the form found in Appendix 2 of this policy and addressed to the Head of School.

Alternative work will be given to pupils who are withdrawn from sex education.

### **Training**

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar.

The Head of School will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

The delivery of RSE is monitored by Mrs S Owen and Miss M Dodd (Head of School and PSHE Lead) through:

- Learning walks, drop-ins and lesson observations

- Planning and work scrutiny
- Talking to pupils

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.
