

**Tuesday the 21<sup>st</sup> September** we are inviting the children to come dressed to school in a rainbow of colours to celebrate all things International. As Tuesday 21<sup>st</sup> September is officially International Day of Peace also, the children will not only be exploring different countries around the world, the food they eat, their art, language and culture, they will be joining millions of children around the world in praying for a fairer more peaceful world.

We also kindly ask for a small donation towards the day. All monies raised will go towards buying Geography resources for school.
