"Learners today, leaders tomorrow"

Issue 4

Hello there!

Autumn is upon us and the days are colder. Please remember to send your child with warmer clothing and of course, PLEASE label it!

Please come along to the Meet The New Headteacher coffee morning on Wednesday morning. Stir Foods will be joining us to share information and answer your questions. I am very much looking forward to meeting you!

This week **Year 4** have been busy writing about the mysterious plants that might be found in the wilderness! We used expanded noun phrases and prepositions to describe our own imaginary plants. We then sketched pictures to illustrate our work.

In **Reception** we have been doing our Dough Disco which strengthens our fingers and helps us with holding our pencils!

Upcoming Dates

1.10.25- Meet the Headteacher Coffee Morning 9.15am in the hall.

2.10.25 Census Day – Please make sure that your child attends

7.10.25 – PFA Annual General Meeting 6.30pm

10.10.25- Year 5 Trip to the Science Museum

Parents Consultations

Monday 20th October 3.30-6.30pm

Wednesday 22nd October 3.30-6.30pm

23.10.2025 School Tour for new Reception intake 1.30pm

23.10.25 PFA- Halloween Disco

Smartphone Free Childhood

Please fill in this survey about your child's use of Smartphones. I would like to share some information with you in my Headteacher's meeting about how we safeguard children.

Our HEATH value was HEART this week. This week was the International Day of Peace, we talked about Peace is created by fairness, justice, kindness and empathy. We talked about how we can be peaceful in school. We are really proud of our children this week for showing Peaceful behaviours such as being kind, supportive and being empathetic to others.

In Science, **Year 3** have been busy exploring the fascinating world of rocks! Since the start of term, we have been learning about sedimentary, metamorphic, and igneous rocks, using their appearance to sort and compare them with our exciting classroom rock collection. The children have enjoyed carefully handling and examining the specimens, as well as carrying out an investigation to test which rocks are hard, permeable, or buoyant. We have also been discovering how fossils are formed and the steps involved in this process.

Year 1 Here are some photos from our art lesson. The children were creating spirals using pencils, pens and pastels.

Local Foodbanks- Harvest Festival – **WE ARE COLLECTING THIS WEEK!**

If you would like to donate to the Community Supermarket they are looking for:

Non-perishable items such as: Canned fruit and Vegetables, pasta, rice, tea, coffee, hot chocolate, cereal, powdered milk, noodles, sugar, sweetener

Toiletries- Soap, shower gel, toothbrushes, toothpaste, deodorant, sanitary products

Remembrance Day-Please can you help?

We are going to work on our Remembrance display. Can you please send in the **bottoms of plastic bottles**. Please cut the bottom before sending in. There is a **box next to lost property** to collect these in.
