

Hatfield Heath Primary School Newsletter

"Learners today, leaders tomorrow"

Issue 22

Hello there,
I hope that you are all well.
We have turned the school orange today for our Myeloma Charity Day. Thank you for all your donations. The House Captains will be organising one more fundraising event for Myeloma later this year.
It has been a busy week. We have been experimenting, exploring and testing this week as it has been National Science week.
Thank you to all the Year 4 parents that came to find out all about the Multiplication Times Table Check.

This week we focused on Ambition as our value.

This week we experimented in our lessons as it was National Science week. We watched live lessons by scientists and researched famous scientists. We will also have a visiting scientist joining us in classes soon. We were very ambitious.

We are working hard to improve on our times tables across the school. We are in a race to the top spot with schools within a 5 and 10 mile radius.

5 mile radius- **Last week - 22nd. This week 18th**

10 mile radius- **Last week 60th- This week 54th**

Good job everyone! Little by little we'll be in the top 10!

Comic Relief Day- This week we are wearing red for Comic Relief. Please send your child in wearing some red on Friday. The suggested donation is £1.00. This can be found on MCAS.

We are going to make a joke book for the library, so please send your child in with an age appropriate joke!

World Book Day 2026- A few more photos

We took up the challenge of being adjectives in our costumes!

We were stripy, hairy, fragile, powerful, sparkly, magical and many other describing words. Thank you for making such an effort with costumes. Apparently, it was the first time everyone had managed to wear one!

Last Friday, 26 children from Years 1-4 took part in Sports Hall Athletics. They competed against 16 schools from the area in a range of activities to test their skills. All the children were superb.

Well done to our first group of children in year 5 and 6 who played rugby on Friday.

One of our teams won every single match! Great work Year 5 and 6! We now go through to the finals!

Why not pop down to Harlow Rugby Club to give rugby a try?

Attendance

Thank you so much for all of your efforts to get your child into school every day and on time.

Check your child’s attendance on MCAS and see how they are doing.

Overall attendance from September until now: 96.8% (0.0%)

Year 1	96.6% (-0.1)
Year 2	95.7% (-0.1)
Year 3	97.4% (0.0)
Year 4	96.8% (0.0)
Year 5	97.2% (0.0)
Year 6	96.8% (-0.1)

Young Carers

On Wednesday , Danielle Dean came to tell us all about what a Young Carer is

A young carer is anyone under 18 who looks after someone with an illness, disability, mental health needs or substance misuse issues. This may mean helping with personal care, cooking, organising medication, looking after brothers or sisters, or helping with communication and day to day tasks. Many young carers don’t realise they’re carers or that help is available.

A letter will be coming home and if you think that your child is a young carer, let us know, so that we can help your child and your family.
