Year 2

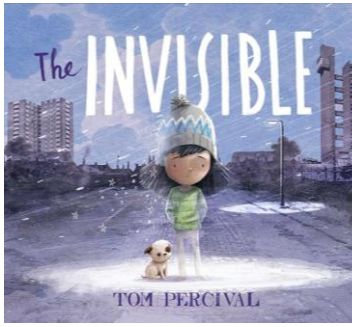

This week in art the children did some wonderful continuous line drawings of interesting objects they had found and collected outside or at home. We were really impressed with their concentration and observational skills.

Year 1 are getting back into the swing of Phonics and working so hard to write words ready for writing their stories!

This week year 4 started their science topic on teeth. They used mirrors to look at their different teeth and compare gaps from wobbly teeth! They then explored how their teeth worked by enjoying a snack of apples and cheese!

In assembly, we shared a book called 'The Invisible' It helped us to think of our HEATH value of Equality.

Equality is our HEATH value this week. Congratulations to the children who have demonstrated care and consideration for others.

House Captains

There has been much excitement in Year 6 and across the school as the children voted for their House Captains. Congratulations to the pupils who have been selected.

Lost property
Please make sure everything is labelled so that it is easier to reunite items with children. If not, lost property will be in the large red box in the playground at the end of the day.

We want to build compost bins.

We are looking for pallets. If you know anyone who can supply these for free, please let us know.

This week I found these beautiful Headteacher Logs, from 1890. Decades ago. the headteacher would write a daily logs of the comings and goings of school life. The bindings are a little tatty and we are hoping to have them rebound. The children use extracts from these books to look at Hatfield Heath history.

Stir Foods, our new caterers, have been making delicious dishes this week. We shall shortly send a survey to see what the children think.
