Date of issue	1 April 2026
Date of next review	September 2026
Person responsible for review	Principal
Approved By Local Committee	1 April 2026

Hill Top Primary Academy is an inclusive school; we believe that every child has a right to a broad, balanced and effective education regardless of race, gender, age, sexuality or special need. Please refer to our Equal Opportunities Policy for further details of this.

1. Statement of Intent

Hill Top Primary Academy believes that, in order to facilitate teaching and learning, acceptable behaviour must be demonstrated in all aspects of school life. The school is committed to:

- Promote desired behaviour
- Promoting self-esteem, self-discipline, proper regard for authority, and positive relationships based on mutual respect.
- Ensuring equality and fair treatment for all.
- Praising and rewarding good behaviour.
- Challenging and disciplining misbehaviour.
- Providing a safe environment free from disruption, violence, discrimination, bullying and any form of harassment.
- Encouraging positive relationships with parents.
- Developing positive relationships with pupils to enable early intervention.
- A shared approach which involves pupils in the implementation of the school's policy and associated procedures.
- Promoting a culture of praise and encouragement in which all pupils can achieve.

Reasonable and proportionate sanctions will be used where a pupil's behaviour falls below the standard that is expected, alongside support to prevent recurring misbehaviour.

The school acknowledges that behaviour can sometimes be the result of educational needs, mental health issues, or other needs or vulnerabilities, and will address these needs via an individualised graduated response.

To help reduce the likelihood of behavioural issues related to social, emotional or mental health (SEMH), the school aims to create a safe and calm environment in which positive mental health and wellbeing are promoted and pupils are taught to be resilient. The school aims to promote resilience as part of a whole-school approach using the following methods:

- Culture, ethos and environment – the health and wellbeing of pupils and staff is promoted through the informal curriculum, including leadership practice, policies, values and attitudes, alongside the social and physical environment
- Teaching – the curriculum is used to develop pupils' knowledge about health and wellbeing
- Community engagement – the school proactively engages with parents, outside agencies and the wider community to promote consistent support for pupils' health and wellbeing

All staff will be made aware of how potentially traumatic adverse childhood experiences, including abuse and neglect, can impact on a pupil's mental health, behaviour, and education. Where vulnerable pupils or groups are identified, provision will be made to support and promote their positive mental health. The school's Social, Emotional and Mental Health (SEMH) Policy outlines the specific procedures that will be used to assess these pupils for any SEMH-related difficulties that could affect their behaviour.

2. Legislation and statutory requirements

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to, the following:

- Education Act 1996

4. Definitions

For the purposes of this policy, the school defines "serious unacceptable behaviour" as any behaviour which may cause harm to oneself or others, damage the reputation of the school within the wider community, and/or any illegal behaviour. This includes, but is not limited to, the following:

- Discrimination – not giving equal respect to an individual on the basis of age, disability, gender identity, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, and sexual orientation
- Harassment – behaviour towards others which is unwanted, offensive and affects the dignity of the individual or group of individuals
- Vexatious behaviour – deliberately acting in a manner so as to cause annoyance or irritation
- Bullying – a type of harassment which involves personal abuse or persistent actions which humiliate, intimidate, frighten or demean the individual being bullied
- Cyberbullying – the use of electronic communication to bully a person, typically by sending messages of an intimidating or threatening nature
- Possession of legal or illegal drugs, alcohol or tobacco
- Possession of banned items
- Truancy and running away from school

- Refusing to comply with disciplinary sanctions
- Theft
- Verbal abuse, including swearing, racist remarks and threatening language
- Fighting and aggression
- Persistent disobedience or destructive behaviour
- Extreme behaviour, such as violence and serious vandalism
- Any behaviour that threatens safety or presents a serious danger
- Any behaviour that seriously inhibits the learning of pupils
- Any behaviour that requires the immediate attention of a staff member

For the purposes of this policy, the school defines “low-level unacceptable behaviour” as any behaviour which may disrupt the education of the perpetrator and/or other pupils, including,

but not limited to, the following:

- Lateness
- Low-level disruption and talking in class
- Failure to complete classwork
- Rudeness
- Lack of correct equipment
- Refusing to complete homework, incomplete homework, or arriving at school without homework
- Disruption on public transport
- Use of mobile phones without permission
- Graffiti

“Low-level unacceptable behaviour” may be escalated to “serious unacceptable behaviour”, depending on the severity of the behaviour.

5. Staff induction, development and support

All new staff will be inducted clearly into the school’s behaviour culture to ensure they understand its rules and routines and how best to support all pupils to participate in creating the culture of the school. Staff will be provided with bespoke training, where necessary, on the needs of pupils at the school to enable behaviour to be managed consistently.

The SLT will consider any appropriate training which is required for staff to meet their duties and functions in accordance with this policy, including on understanding matters which may affect a pupil’s behaviour, e.g. SEND and mental health needs.

Members of staff who have, or are aspiring to have, responsibilities for leading behaviour or supporting pupil wellbeing will be supported to undertake any relevant training or qualifications.

The SLT and the Principal will review staff training needs **annually**, and in response to any serious or persistent behaviour issues disrupting the running of the school.

6. Managing behaviour

Instances of unacceptable behaviour will be taken seriously and dealt with immediately. Staff will respond promptly, predictably and with confidence to maintain a calm, safe learning environment.

Instances of unacceptable behaviour are recorded on cpoms. The Principal, Deputy Principal and SENCo is alerted to all records which helps identify pupils whose behaviour may indicate potential mental health problems.

Support, such as targeted discussions with pupils, a phone call with parents, and inquiries into circumstances outside of school by the DSL, will be provided alongside the use of sanctions to prevent the misbehaviour recurring. After an initial incident of negative behaviour, the following sanctions will be

considered, with staff using their professional judgement and experience to determine what is appropriate and reasonable:

Low-level unacceptable behaviours may result in:

- Sanctions may be implemented
- A warning - this may be visual or verbal.
- A second warning – this will be verbal.
- Children may lose part of their playtime if their behaviour continues.
- Time out of class to the Phase leader.
- Class teacher contacts Parents to invite them into school to discuss their behaviour.
- An after-school detention may be given.
- If behaviour continues the child will be sent to the Deputy Principal or Principal.
- A behaviour contract or support plan may be drawn up.
- Issuing a verbal reprimand and reminder of the expected behaviour
- Setting a written task, such as an account of their behaviour
- Removal of privileges
- School-based community service, e.g. tidying the classroom

Where a pupil's misbehaviour is causing significant disruption or is deemed serious enough by a staff member, the following procedures will be followed:

- The incident will be reported on the pupil's cpoms record
- The pupil is sent to the Principal immediately or, in the Principal's absence, the most senior member of staff.
- An investigation takes place into the incident by the Principal/Deputy Principal/KS Lead and decides whether it constitutes unacceptable behaviour.
- If the Principal/Deputy Principal/KS Lead deems the incident to be unacceptable behaviour, they will record an action to the incident on the pupil's cpoms record.
- Where deemed necessary, e.g. after other behavioural strategies in the classroom have been attempted or the behaviour is so extreme as to warrant immediate removal, the pupil will be removed from the classroom – Principal/Deputy Principal/KS Lead will determine the period the pupil will be removed from the classroom, as well as any detention time.
- The Principal/Deputy Principal/KS Lead will inform the pupil's parents on the same day, where possible, following a decision to remove their child from the classroom, and invite them to discuss the incident.

Instances of serious unacceptable behaviour are dealt with immediately and some of the steps as outlined above may be missed.

For serious and/or violent incidents which may pose a health and safety risk to the child, other children or adults present, support for the child will be issued.

Following repeated incidents of unacceptable behaviour, the following sanctions will be implemented:

- The Principal will consider whether the pupil should be suspended, in line with the school's Suspension and Exclusion Policy, and will determine the length of the suspension.

- Although unacceptable behaviour does not necessarily mean a pupil has SEND, an assessment may be carried out at this stage to determine whether there are any undiagnosed learning or communication difficulties, or mental health issues that may be contributing to the pupil's behaviour.
- Where a pupil is identified as having SEMH-related difficulties, SEND support will be put in place from the school's national SEND budget.
- Where SEND is not identified, but the Principal determines that support is still required for the pupil, an Individual Behaviour Plan will be created to outline the necessary provisions in place.

The Principal will consider whether a permanent exclusion is necessary, in line with the Trust's Suspension and Exclusion Policy, alongside alternative options such as a managed move or off-site direction.

For the discipline of children to be lawful, the school will ensure that:

- The decision to discipline a pupil is made by a paid member of school staff, or a member of staff authorised to do so by the Principal.
- The decision to discipline a pupil is made on the school premises or whilst the pupil is under the charge of a member of staff, such as during an educational trip or visit.
- The decision to discipline a pupil is reasonable and will not discriminate on any grounds, e.g. equality, SEND or human rights.

The school will ensure that all discipline is reasonable in all circumstances, and will consider the pupil's age, religious requirements, SEMH needs, any SEND, and any other contributing factors, e.g. bullying, safeguarding or home life issues.

7. Prevention strategies, intervention, and sanctions for unacceptable behaviour

This section outlines the school's strategies for preventing unacceptable behaviour and initial interventions, minimising the severity of incidents, and using sanctions and support effectively and appropriately to improve pupils' behaviour in the future.

Initial interventions

A range of initial intervention strategies to help pupils manage their behaviour and reduce the likelihood of more severe sanctions will be used. Support will consider the pupil's specific needs and may be delivered outside of the classroom, in small groups or in one-to-one activities. A system will be in place to ensure relevant members of the SLT and Phase Leaders are aware of any pupil that is:

- Persistently misbehaving
- Not improving their behaviour following low-level sanctions
- Displaying a sudden change in behaviour from previous patterns of behaviour

Examples of initial interventions to address misbehaviour will include, but are not limited to, the following:

- Frequently engaging with parents, including home visits where necessary
- Providing mentoring and coaching
- Short-term behaviour report cards
- Long-term behaviour plans
- Pupil support units
- Engagement with local partners and agencies - LSS

- Where the pupil has SEND, an assessment of whether appropriate provision is in place to support the pupil, and if the pupil has an EHC plan, contact with the LA to consider a review of the plan

A multi-agency assessment, such as an early help assessment, that goes beyond a pupil's education will be considered where serious concerns about a pupil's behaviour exist.

8. Behaviour curriculum

Positive behaviour will be taught to all pupils as part of the behaviour curriculum, in order to enable them to understand what behaviour is expected and encouraged and what is unacceptable. Positive reinforcement will be used by staff where expectations are met to acknowledge good behaviour and encourage repetition. The behaviour curriculum will focus on defining positive behaviour and making it clear what this looks like, including the key habits and routines required by the school, e.g. lining up quietly in the classroom before entering the hall.

Routine will be used to teach and reinforce the expected behaviours of all pupils. Appropriate and reasonable adjustments to routines for pupils with additional needs, e.g. SEND, will be made. Consistent and clear language will be used when acknowledging positive behaviour and addressing misbehaviour.

Positive teacher-pupil relationships

Positive teacher-pupil relationships are key to combatting unacceptable behaviour. The school will focus heavily on forming positive relationships based on predictability, fairness and trust to allow teachers to understand their pupils and create a strong foundation from which behavioural change can take place.

9. Preventative measures for pupils with SEND

Behaviour will always be considered in relation to a pupil's SEND. If it is deemed that a pupil's SEND has contributed to their misbehaviour, the school will consider whether it is appropriate and lawful to sanction the pupil.

Where a pupil is identified as having SEND, the graduate approach will be used to assess, plan, deliver and review the impact of support being provided.

The school will aim to anticipate likely triggers of misbehaviour and put in place support to prevent these, taking into account the specific circumstances and requirements of the pupil concerned. Measures the school will implement where appropriate include, but are not limited to, the following:

- Short, planned movement breaks for a pupil whose SEND means they find it difficult to sit still for long
- Ensuring a pupil with visual or hearing impairment is seated in sight of the teacher
- Adjusting uniform requirements for a pupil with sensory issues or relevant medical condition
- Training for staff in understanding autism and other conditions

10. De-escalation strategies

Where negative behaviour is present, staff members will implement de-escalation strategies to diffuse the situation. This will include:

- Appearing calm and using a modulated, low tone of voice
- Using simple, direct language.
- Avoiding being defensive, e.g. if comments or insults are directed at the staff member.
- Providing adequate personal space and not blocking a pupil's escape route.
- Showing open, accepting body language, e.g. not standing with their arms crossed.

- Reassuring the pupil and creating an outcome goal.
- Identifying any points of agreement to build a rapport.
- Offering the pupil a face-saving route out of confrontation, e.g. that if they stop the behaviour, then the consequences will be lessened.
- Rephrasing requests made up of negative words with positive phrases, e.g. “if you don’t return to your seat, I won’t help you with your work” becomes “if you return to your seat, I can help you with your work”.

11. Physical intervention

11.1 There are circumstances when it is appropriate for staff to have physical contact with pupils which does not constitute the use of reasonable force or other restrictive interventions. Examples include:

- Giving first aid.
- Guiding or escorting pupils, such as holding the hand of a pupil when walking around the academy or on a school trip.
- Comforting a distressed pupil.
- Congratulating or praising a pupil, for example a pat on the back or a handshake.
- Demonstrating how to use a musical instrument.
- Demonstrating exercises or techniques during PE lessons or sports coaching.

11.2 Staff may in limited circumstances need to use restraint, which is a non-disciplinary intervention which stops a student or limits their movement, and this may or may not include direct physical contact. This can include holding a pupil’s body—This will be avoided where at all possible.

11.3 Staff will only use seclusion – a non-disciplinary intervention to keep a pupil confined to a place away from others and prevented from leaving – as a safety measure to protect others from harm when a pupil is experiencing high level of emotional or behavioural dysregulation. Staff will seek to ensure that the place of seclusion is not threatening or intimidating. The pupil must be supervised at all times during the period of seclusion. As soon as the immediate risk of harm has reduced, the pupil must be allowed to leave.

Reasonable force does not have to be used for an intervention to be seclusion. Seclusion includes:

- Physically obstructing the pupil’s way of leaving the place,
- Securing the place so that the pupil cannot leave it, or
- Causing the pupil to believe that they will be punished if they leave the place.

11.4 Whenever any restrictive intervention is used, including reasonable force, staff will consider the following:

- Necessity – taking into account whether there is a less restrictive way to achieve the same thing, the risks involved, whether it may escalate and communicating, where possible, with other staff
- Proportionality – using the least amount of force, potential alternative strategies and the personal circumstances of the pupil including any relevant protected characteristics under the Equality Act 2010.
- The pupil’s welfare – including that pupil’s context and circumstances, overall welfare, the importance of their dignity, the need to communicate with them about the decisions being taken, any EAL, and how the pupil is feeling.

11.5 Use of reasonable force and restrictive interventions will generally be rare and may need to be determined by staff in the moment in many cases.

11.6 Consideration will also always be given to the rights of the pupil concerned, including under the Equality Act 2010 and the Human Rights Act 1998. The academy recognises that some pupils with SEND may react to distressing or confusing situations by displaying behaviours which may be harmful to themselves and others. Triggers may include pain, sensory overload, unfamiliar situations or environments, or feelings of fear and anxiety. Pupils who are non-verbal or find verbal communication challenging may express their needs, discomfort or confusion through actions. The academy will seek to understand the underlying triggers of challenging behaviour to provide proactive support, create an inclusive environment, and utilise staff who know individual pupils well to help identify and manage risk, such as trigger points when challenging behaviour is more likely to occur. Parents should consult the academy's SEND policy that sets out the provision for SEND pupils and the academy's approach generally, but in the context of restrictive interventions this might include:

- Pupil [behaviour plan and/or support plan and/or pupil passports
- Individual Pupil Risk assessments (IPRA/BIPRA).
- Specific adjustments for that pupil that are known to reduce the need for restrictive interventions.
- Distracting techniques.

11.7 The academy will minimise the need to use restrictive interventions through prevention and de-escalation measures, employing specific whole-school measures as well as tailored approaches for individual pupils.

11.8 Whole-school measures include:

- Consideration of how the academy and classroom environment can support all pupils to achieve and thrive.
- Sharing best practice for whole-class behaviour management, and for managing communal spaces such as corridors and playgrounds.
- Training staff in effective communication strategies, such as using appropriate tone of voice and empathy to aid de-escalation.
- Development of working staff-pupil relationships and trust.
- Recording and analysing data on the use of restrictive interventions to inform improvement planning.

11.9 Individual approaches could include:

- Working closely with parents to support individual pupils
- Implementing strategies to support individual pupils based on their identified needs, including the development of [behaviour plans and/or support plan and/or pupil passports]. Where a pupil has a disability, the academy has a legal obligation under the Equality Act 2010 to support pupils with reasonable adjustments, making sure they can benefit from what the academy offers
- Giving pupils time, space and strategies to calm down before their behaviour escalates

11.10 Every significant incident in which reasonable force is used will be recorded by staff members, as required by s.93A of the Education and Inspections Act 2006. This requirement only applies where it is a

significant incident, so will not include cases where physical contact is made for other reasons, such as giving first aid. This recording will take place as soon as practicable after the event and should be done by the member of staff the same day as the incident. This following information must be recorded in the academy's safeguarding system (cpoms):

- Names of pupils and staff directly involved.
- Any relevant needs or circumstances of the pupil, including whether the pupil involved has an identified special educational need or disability and their SEN status code.
- Time, date, location and approximate duration of the intervention.
- A brief account of the incident, including what led up to the incident, identified or potential triggers if known, any preventative or de-escalation strategies used, and (where relevant) what type of reasonable force was applied, the degree of force, and details of any physical injuries sustained.
- A brief account of why the use of force was assessed as necessary in that instance.
- Any post-incident support, such as details of any medical treatment for injuries or other adverse impacts.
- The pupil's account of what happened, as well as any witness accounts.

11.11 A report will also be made to parents where there is a significant use of force, apart from where:

- It appears to the staff member that doing so would be likely to result in serious harm to the pupil. In this instance, the staff member will report the incident to any parent(s) who it can be reported to without resulting in significant harm or, if there are none, to the local authority within whose area the pupil is ordinarily resident.

11.12 A report of the incident made to parents will include the following details as a minimum:

- Time, date, location and approximate duration of the intervention.
- Brief account of why the intervention was assessed as necessary in that instance.
- Brief account of what type of force was applied, and the degree of force.
- Details of any physical injuries sustained, if applicable.

11.13 Every incident which results in seclusion or restraint, which may not include reasonable force, must be recorded on the school's safeguarding system. Incidents must be recorded as soon as possible and no later than the same day, in writing. The information recorded must include:

- Names of pupil and staff directly involved.
- Time, date, location and approximate duration of the intervention.
- Any relevant needs or circumstances of the pupil, including whether the pupil involved has an identified special educational need or disability and their SEN status code.
- A brief account of why the intervention was assessed as necessary in that instance.
- Details of any physical injuries sustained, if applicable.
- Any post-incident support, such as details of any medical treatment for injuries or other adverse impacts.

11.14 Apart from in the circumstances as set out in 11.11, a report must be made to parents where a pupil is subject to seclusion, restraint or immobilisation, even if that is included within a pupil's [behaviour plans and/or support plan and/or pupil passports]. Staff will endeavour to do this the same day, but this may also involve a subsequent follow up discussion with parents to include any de-escalation strategies and what can be done differently in future.

11.15 Where an incident resulted in both a significant use of force as well as seclusion/restraint, only the procedure set out at 11.10-11.12 will be used, with parents not needing to be informed twice.

11.16 The academy will evaluate all incidents involving the use of restrictive interventions as soon as practicable after the event to understand why it was used, the impact on pupils and staff, any patterns and trends, and how the use of restrictive interventions might be avoided in future.

11.17 Where appropriate, the pupil and staff member involved will receive a medical assessment and treatment for any injuries as soon as possible. Any injuries will be recorded in accordance with the academy's procedures and reported as appropriate to the Health and Safety Executive.

11.18 Staff who are likely to need to use reasonable force and/or other restrictive interventions will be adequately trained in its safe and lawful use and in preventative strategies. The academy will carry out risk assessments to ensure that staff who regularly work alongside pupils where the use of reasonable force and/or other restrictive interventions may be required can do so as safely as possible, in accordance with the academy's duties under the Health and Safety at Work etc. Act 1974.

11.19 The Trust will ensure that the data around the use of force and restrictive interventions is considered by school leaders to ensure there is not a disproportionate use of force in the academy, to identify learning and patterns. and to make improvements to policies and practices.

11.20 Records of restrictive interventions are recorded on the academy's safeguarding system (CPOMS). In addition to forming part of the individual pupil's safeguarding and educational record, data from CPOMS will be collated and anonymised at school level to support monitoring, analysis and governance oversight.

Anonymised information relating to the use of restrictive interventions will be reported to the Local Committee and Trust Board on a regular basis to enable oversight of compliance, identification of patterns or disproportionality, and evaluation of the effectiveness of behaviour and support strategies.

12. Removal from the classroom – Internal Exclusions

The school may decide a pupil needs to work in a different room in school for a limited period, at the instruction of a member of staff.

The pupil will be moved to a room that is:

- Another classroom or in an appropriate area of the school (e.g. community room or library rooms)
- Stocked with appropriate resources
- Suitable to learn and refocus
- Supervised by trained members of staff

The school will only remove pupils from the classroom where absolutely necessary and for the following reasons:

- To enable disruptive pupils to be taken to a place where education can continue in a managed environment
- To allow the pupil to regain calm in a safe space

The school will ensure that pupils' health and safety is not compromised during their time away from the classroom, and that any additional requirements, such as SEND needs, are met.

The amount of time that a pupil spends removed from the classroom will be up to the school to decide. This could be for more than one school day. The school will ensure that the pupil is not removed from the classroom any longer than necessary.

The staff member in charge and supervising the pupil will decide what the pupil may and may not do during their time spent removed from the classroom. The Principal will request that the pupil's class teachers set them appropriate work to complete.

The Principal will establish a clear process for the reintegration of a pupil who has been removed from the classroom when it is deemed appropriate and safe for them to return. Consideration will be given to what support is needed to help the pupil return and meet the expected standards of behaviour. Reintegration meetings may be held between the school, pupil and their parents, and other agencies if relevant, where necessary.

Pupils will be permitted to eat during the allocated times of the school day and may use the toilet as required.

13. Detentions

The school will make it clear to parents and pupils that they are able to use detention as a sanction to deter future misbehaviour, both during and outside of school hours. The use of detention as a sanction will be applied fairly and consistently, and staff and pupils will be made aware of when it may be used.

All teachers at the school will be permitted to impose detention on a pupil, unless the Principal decides to withdraw this power from any teacher. The Principal may decide to delegate the power to impose detention to volunteers, such as parents who assist during educational visits or trips.

The following indicate the times during which detention can be held outside of school hours:

- After school
- Any school day where the pupil is not authorised to be absent
- Any non-teaching day, e.g. INSET days

Parental consent will not be required for detentions and, therefore, the school will be able to issue detention as a sanction without first notifying the parents of the pupil, including for same-day detentions.

When issuing detentions, members of staff will ensure that they do so reasonably within the given circumstances, and that they consider any additional needs of the pupil. If the detention is during lunchtime, **25** minutes will be allocated to allow the pupil time to eat, drink and use the toilet.

When determining whether it is reasonable to issue a detention outside of school hours, staff will consider the following:

- Whether the detention is likely to put the pupil at increased risk.
- Whether the pupil has known caring responsibilities
- Whether the detention timing conflicts with a medical appointment

- Whether the parents ought to be informed of the detention – in most cases it will be necessary to do so, but it may not be if the detention is for a short period after school and the pupil is able to return home safely. **Parents will be informed if a detention is taking place after school. Parents will be expected to collect the pupil after a detention in school.**
- Whether suitable travel arrangements can reasonably be made by the parent for the pupil; it does not matter whether these transport arrangements are inconvenient for the parent.

Detentions will not be issued where there is any reasonable concern that it would compromise a pupil's safety. An alternative and appropriate sanction will be issued instead.

14. Sexual abuse and discrimination

The school prohibits all forms of sexual abuse and discrimination, including sexual harassment, gender-based bullying and sexual violence. The school's procedures for handling peer-on-peer sexual abuse and discrimination are detailed in the Child-on-child Abuse Policy (Peer-on-peer abuse policy).

The school will respond promptly and appropriately to any sexual harassment complaints in line with the Child Protection and Safeguarding Policy; appropriate steps will be taken to stop the harassment and prevent any reoccurrence. Discipline for incidents of sexual harassment will be determined based on the nature of the case, the ages of those involved and any previous related incidents.

15. Smoking and controlled substances

The school will follow the procedures outlined in its Smoke-Free Policy and Pupil Drug and Alcohol Policy when managing behaviour in regard to smoking and nicotine products, legal and illegal drugs, and alcohol.

In accordance with part 1 of the Health Act 2006, this school is a smoke-free environment. Parents, visitors, staff and pupils are instructed not to smoke on school grounds. Pupils are not permitted to bring smoking materials or nicotine products to school.

The school has a zero-tolerance policy on illegal drugs, legal highs and other controlled substances. Where incidents with pupils related to controlled substances occur, the school will follow the procedures outlined in the Child Protection and Safeguarding Policy.

16. Prohibited items, searching pupils and confiscation of illegal drugs

Principals and staff authorised by them will have a statutory power to search pupils or their possessions, without consent, where they have reasonable grounds for suspecting that the pupil may have a prohibited item. Authorised members of staff will be permitted to use reasonable force when conducting a search without consent for the prohibited items listed below. The prohibited items where reasonable force may be used are:

The model list below was created using the DfE's ['Searching, screening and confiscation'](#) guidance.

To search for any items not prohibited by school rules, staff will require the consent of the pupil being searched.

- Knives and weapons.
- Alcohol.
- Stolen items.
- Tobacco and cigarette papers.

- Fireworks.
- Pornographic images.
- Any article that the member of staff reasonably suspects has been, or is likely to be, used:
 - To commit an offence; or
 - To cause personal injury to any person, including the pupil themselves; or
 - To damage the property of any person, including the pupil themselves.

The school will also identify the following as prohibited items which may be searched for by authorised staff without consent if necessary; however, reasonable force will not be used under any circumstances:

- E-cigarettes and vapes
- Lighters
- Aerosols
- Legal highs/psychoactive substances
- Energy drinks

All members of staff can use their power to search without consent for any of the items listed above. Staff will follow the provisions outlined in the school's Searching, Screening and Confiscation Policy when conducting searches and confiscating items.

17. Effective classroom management

Well-managed classrooms are paramount to preventing disruptive and unacceptable behaviour. Effective classroom management will allow staff to:

- Start the year with clear mission statement and routines that are understood by all pupils.
- Establish agreed rewards and positive reinforcements.
- Establish sanctions for misbehaviour.
- Establish clear responses for handling behavioural problems.
- Encourage respect and development of positive relationships.
- Make effective use of the physical space available.
- Have well-planned lessons with a range of activities to keep pupils stimulated.

Subject to reasonable adjustments, e.g. those made for pupils whose SEND may affect their behaviour, pupils will be expected to follow the Hill Top Way, which requires pupils to:

- Conduct themselves around the school premises in a safe, sensible and respectful manner.
- Arrive to lessons on time and fully prepared.
- Follow reasonable instructions given by staff.
- Behave in a reasonable and polite manner towards all staff and pupils.
- Show respect for the opinions and beliefs of others.
- Complete classwork as requested.
- Hand in homework at the time requested.
- Report unacceptable behaviour.
- Show respect for the school environment.

18. Classroom rules and routines

The school will have an established set of clear, comprehensive and enforceable classroom rules which define what is acceptable behaviour and what the consequences are if rules are not adhered to. Attention

is given to how rules are worded, such as the use of positive language rather than negative, e.g. “act respectfully towards your peers and teachers”, rather than “do not act disrespectfully towards your peers and teachers”.

The school will also have an established set of classroom routines to help pupils work well, in the understanding that behavioural problems can arise due to the lack of a consistent routine. This includes teachers ensuring that before lessons begin, they have the full attention of all pupils, then explaining the task clearly so all pupils understand what they are supposed to be doing.

The Principal will ensure all teachers understand classroom rules and routines and how to enforce them, including any sanctions for not following the rules.

Teachers will support pupils to understand and follow classroom rules and routines. Teachers will inform pupils of classroom rules and routines at the beginning of the academic year and revisit these daily. Where appropriate, teachers will explain the rationale behind the rules and routines to help pupils understand why they are needed and will model rules and routines to ensure pupils understand them. Teachers will also explain clearly to pupils what will happen if they breach any classroom rules to ensure pupils are aware of the sanctions that may be imposed.

To support pupils’ continued awareness and understanding of classroom rules and routines, teachers will reinforce them in a range of ways, e.g. placing posters of the rules on classroom walls and providing regular verbal reminders of the routines. Teachers will also ensure that classroom rules and routines remain consistent and are practised throughout the year to create a more productive and enjoyable environment.

19. The classroom environment

The school understands that a well-structured classroom environment is paramount to preventing poor behaviour. This includes the teacher positioning themselves effectively within the classroom, e.g. wherever possible, teachers avoid standing with their backs to pupils and ensure they have full view of the room at all times.

Teachers will employ strategic seating arrangements to prevent poor behaviour and enable it to be noticed early, such as:

- Seating those who frequently model poor behaviour closest to, and facing, the teacher.
- Seating those who frequently model poor behaviour away from each other.
- Ensuring the teacher can see pupils’ faces, that pupils can see one another, and that they can see the board.
- Ensuring the teacher can move around the room so that behaviour can be monitored effectively.

20. Praise and rewards

The school will recognise that praise is key to making pupils feel valued and ensuring that their work and efforts are celebrated. When giving praise, teachers will ensure:

- They define the behaviour that is being rewarded.
- The praise is given immediately following the desired behaviour.
- The way in which the praise is given is varied.
- Praise is related to effort, rather than only to work produced.
- Perseverance and independence are encouraged.
- Praise is only given when a pupil’s efforts, work or behaviour need to be recognised, rather than continuously without reason.

- The praise given is always sincere and is not followed with immediate criticism.

Whilst it is important to receive praise from teachers, the school understands that peer praise is also effective for creating a positive, fun and supportive environment. Teachers will encourage pupils to praise one another, and praise another pupil to the teacher, if they see them modelling good behaviour.

As with praise, the school understands that providing rewards after certain behaviour means that pupils are more likely to model the same behaviour again. For rewards to be effective, the school recognises that they need to be:

- **Immediate** – immediately rewarded following good behaviour.
- **Consistent** – consistently rewarded to maintain the behaviour.
- **Achievable** – keeping rewards achievable to maintain attention and motivation.
- **Fair** – making sure all pupils are fairly rewarded.

Rewards for good behaviour will include, but are not limited to:

- Verbal praise
- Communicating praise to parents
- Merits (when achieving 50, receive Hill Top money)
- Certificates, prize ceremonies and special assemblies
- Positions of responsibility, e.g. jobs around school
- Activities for a whole-class or year group e.g. ice lollies on the field, additional playtimes

21. Behaviour outside of school premises

Pupils at the school must agree to represent the school in a positive manner and applies both inside school and out in the wider community, particularly if the pupil is dressed in school uniform.

Staff can discipline pupils for misbehaviour outside of the school premises, including conduct online, when the pupil is:

- Wearing school uniform.
- Travelling to or from school.
- Taking part in any school-related activity.
- In any way identifiable as being a pupil at the school.

Staff may also discipline pupils for misbehaviour outside the school premises, including conduct online, that:

- Could negatively affect the reputation of the school.
- Could pose a threat to another pupil, a member of staff at the school, or a member of the public.
- Could have repercussions for the orderly running of the school.

Any bullying witnessed outside of the school premises and reported to the school will be dealt with in accordance with the Anti-bullying Policy.

The school will impose the same sanctions for bullying incidents and non-criminal misbehaviour witnessed or reported outside of the school premises as would be imposed for the same behaviour conducted on school premises. In all cases of unacceptable behaviour outside of the school premises, staff will only impose sanctions once the pupil has returned to the school premises or when under the supervision of a member of staff.

Complaints from members of the public about the behaviour of pupils from the school are taken very seriously and will be dealt with in accordance with the Complaints Procedures Policy.

22. Data collection and behaviour evaluation

The school will collect data from the following sources:

- Behaviour incident data, including on removal from the classroom
- Attendance, permanent exclusion and suspension data
- Use of pupil support units, off-site directions and managed moves
- Incidents of searching, screening and confiscation
- Anonymous surveys for staff, pupils, governors, and other stakeholders on their perceptions and experiences of the school behaviour culture

The data will be monitored and objectively analysed **termly** by the Principal and the SLT. Attempts will be made to identify possible factors contributing to the behaviour, any system problems or inadequacies with existing support. The data will also be analysed considering the protected characteristics under the Equality Act 2010 to inform school policies and practice.

23. Pupil transition

To ensure a smooth transition to the next year, pupils have transition sessions with their new teacher(s). In addition, staff members hold transition meetings.

To ensure behaviour is continually monitored and the right support is in place, information related to pupil behaviour issues will be transferred to relevant staff at the start of the term or year. Information on behaviour issues will also be shared with new settings for those pupils transferring to other schools.

24. Monitoring and review

This policy will be reviewed by the Principal and mental health lead on an annual basis; they will make any necessary changes and communicate these to all members of staff.

The Local Committee will review the policy alongside the Principal.

As part of its monitoring role, the Local Committee will receive anonymised summary information relating to the use of restrictive interventions, drawn from CPOMS records, to support its responsibilities for safeguarding oversight, policy compliance and continuous improvement.

This policy will be made available for Ofsted inspections and reviews by the lead inspector, upon request.
