

What School and Parents Say?

School 1

November 2022

"Thank you to you and your team for coming into our school over the past few years to check the pupils hearing and vision tests... Having your services means that our concerns are validated and potential problems are picked up before they become lifelong struggles."

Parent 1

February 2023

"The service provided by the Brent Nursing Team has been an important part of the puzzle in terms of diagnosing what could be a larger hearing issue for my son."

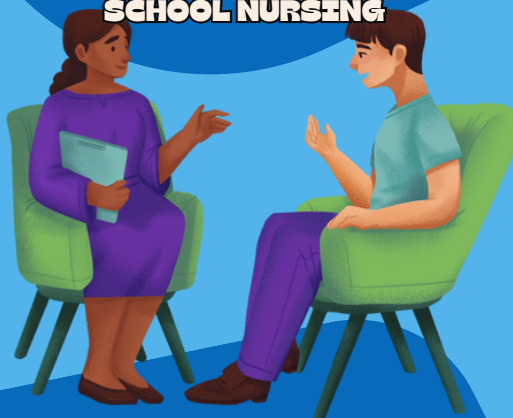

Parent 2

May 2022

"Everything went very smoothly and everyone was very friendly and good with my son."

About Us

Brent School Nurses work in all state-funded schools in Brent. School Nurses help promote and look after children and young people's physical and emotional health. We work across education and health, providing a link between school and home for children and young people aged five to 19-years-old.

When your child starts Reception class, the care will be handed over from the Health Visiting Team to the School Nursing Team.

When to contact

- Please contact us if your child has any medical needs that may require a care plan and an emergency medication in school.
- You are concerned about child or young person's eating habits.
- Your child is five years old or older and has daytime or night time wetting or soiling.
- If you have any other concerns and would like to speak to a School Nurse.
