Relationship Education Policy

Name of school: Alkrington Primary School

Date of policy: 11.03.21

*Members of staff responsible for Relationships Education and Health Education:
Andrew Nott*

Review date: 11.03.23

1. How this Policy was developed

This policy was developed by a working party of teachers from the Middleton collaborative (PiraMidd). The policy was shared with parents, pupils, staff and governors to ensure that the views and needs of all stakeholders were taken into consideration. This policy was approved by the PiraMidd Strategic Board and the governing body of each school.

2. Requirements on schools in law

From September 2020 it is mandatory that all primary schools follow Relationships education. This is section from the statutory guidance 'Relationships Education, Relationships and Sex Education (RSE) and Health Education Guidance'.

3. What is Relationships (and Sex) Education?

We believe that Relationships (and Sex) Education should teach the fundamental building blocks and characteristics of positive relationships. The aims of Relationships (and Sex) Education are: - to equip the children with knowledge that will help them to develop positive relationships, with reference to family relationships, friendships and relationships with other

peers and adults. - to develop an understanding of the emotional, social and physical aspects of growing up. As a school we follow the Coram SCARF (PSHE) scheme which is a whole school approach to improving children's well-being. It is based on five values - S safety, C caring, A achievement, R resilience and F friendship. The scheme links to SMSC curriculum, safeguarding and emotional well-being requirements. It also meets the requirements of the DfE Primary Relationships (and Sex) Education curriculum and national curriculum Science.

4. When it will be taught and who is responsible for teaching it. (Time of year, frequency of lessons, which lessons).

Adults will deal with any questions or issues linked to RSE appropriately and sensitively. There maybe a time when a member of staff does not immediately answer a child's question. However, they may speak to them late, on their own or refer them to speak to their parents or carer.

5. How Relationships (and Sex) Education is monitored and evaluated

Monitoring is the responsibility of the Headteacher (Tim Barnes) and Subject Leader with responsibility for RSE (Andrew Nott). The effectiveness of the RSE programme will be evaluated by assessing children's learning and implementing change, if required.

6. How the delivery of the content will be made accessible to all pupils

As a school we ensure that the content and delivery of RSE is inclusive of all pupils and is in line with the Single Equality and Community Cohesion Policy and SEND Policy.

7. The Role of Parents and other Professionals

As a school, we believe that the primary role in children's RSE education lies with parents and carers. We foster positive and supportive relationships with parents at our school through trust, cooperation and a mutual understanding. In promoting this we will: - inform parents about the RSE policy and practice - answer any questions parents have about RSE - take seriously any issues that parents raise about RSE. Parents cannot withdraw their child from Relationships Education. If you do not want your child to take part in some, or all, of the lessons on RSE, you can ask that they're withdrawn. Should you wish to discuss this, you will need to arrange a meeting with the Headteacher. In all maintained schools the science curriculum includes content on Human Development, including reproduction which there is no right to withdraw from.

8. Child Protection and Safeguarding

Due to the nature of some of the topics, a child may make a disclosure. All concerns and disclosures are responded to in line with the schools Child protection and Safeguarding Policy.
